Xiaomi has launched Mi Mix line of phones in the direction of showing off technology but has a compact design. Right from the first Mi Mix line, it impressed the users because the screen design spilled out the edge. Mi Mix 2 has continued to improve that. And with Mi Mix 3 expected to be released in the fall of 2018, it is expected to have a 100% screen front.

11. Sony Xperia XZ Premium 2018
