

## The moment of Steve Jobs's rare humor

As a hot and stern celebrity, but also very humorous, Steve Jobs knows how to get the opposite person to concentrate so he can listen to him, but he knows how to make jokes to create laughter.

**As a hot and stern celebrity, but also very humorous, Steve Jobs knows how to get the opposite person to concentrate so he can listen to him, but he knows how to make jokes to create laughter.**

The photo series of Steve Jobs is testing Photo Booth, the webcam image effects software of Apple products posted on his Facebook by Mike Mata. These images were taken back in 2005.

Mike Mata is currently Facebook's product designer, however, Mata said that he still dedicates special admiration and respect to Steve Jobs, who just left unexpectedly last week at the age of 56.

In addition, a short film created by employees at Apple as a gift for Steve Jobs' 30th birthday, including the pictures and funny moments of Steve Jobs in front of the camera.

In particular, the end of the film, Steve Jobs appears in the image and outfit of Franklin D. Roosevelt, the 32nd president and one of the most respected presidents in American history.

The video has just been uploaded to YouTube, as a way Apple employees remember *their* talented "*captain*".
