Birthday poetry 13

Happy happy birthday
I was one year older, singing gleefully
Happy birthday!
Crowded friends come and wish me
Lamp flowers light up look
Ai XINH brilliant when adding pink age?
Above there is a rainbow
Make your skin more pink and beautiful
Spring age like dawn
The early future wants a dream:
Life is beautiful like a poem
Living in a warm, changing place for now
I wish you a very good blessing:
Love, desire to welcome
And why is the light shining high
Next EM energizes the future.
