

The most outstanding Ultrabook in early 2012 is priced at \$ 1,400

Envy 14 Specter Ultrabook, excellent computer at CES 2012, started selling HP online with a starting price of nearly 30 million.

Envy 14 Specter Ultrabook, excellent computer at CES 2012, started selling HP online with a starting price of nearly 30 million.

At this price, users will own a laptop with Intel Core i5-2467M chip, HD Graphics 3000 graphics and NFC connectivity, 128 GB SSD drive, 4 GB RAM. 14 inch BrightView Infinity LED screen has a resolution of 1366 x 768 pixels.

The HP Envy 14 Specter is the most appreciated among the organizers of CES 2012 among the ultrabooks appearing at this exhibition thanks to the mirror on the cover and the hand position, making the product look more shimmering and shiny. Specter is also praised for good sound.

Test video for HP Envy 14 Specter.
