

The new pair of 'butterfly wings' netbooks from Asus

Asustek has just introduced to Vietnam 2 new netbook models in UL80VT and UL20A 'ultra-thin butterfly wings' with a battery life of up to 12 hours.

Asustek has just introduced to Vietnam 2 new netbook models in UL80VT and UL20A 'ultra-thin butterfly wings' with a battery life of up to 12 hours.

The most striking feature of the UL line is its ultra-light, ultra-light, ultra-light design, total weight less than 2kg, and is equipped with energy-saving technology for up to 12 hours of battery life.

Asus UL80VT has a robust design with the Intel Core 2 Duo Ultra Low Voltage (ULV) CPU capable of overclocking from 1.3GHz to 1.73GHz, making UL80Vt significantly more efficient than other competitors also using the kit. ULV processor, DDR3 2 GB bus RAM 1066 and 320 GB HDD.

In particular, UL80VT is also equipped with NVIDIA GeForce G210M 512 MB discrete graphics card and Intel GMA 4500MHD integrated graphics chip with the ability to swap and use without restarting with the built-in GraphiX Boost feature.

This combination provides good HD video processing power and in-game graphics, while still saving power by using Turbo33 technology to save up to 33% of power consumption. All of the above figures show that UL80Vt is not only capable of handling daily tasks, but also can be used for many specialized applications.

Not as powerful as the Asus UL80VT, **Asus UL20A** has a beautiful and eye-catching design with a sleek, polished aluminum housing with a 12.1-inch screen.

It weighs 1.5 kg, is equipped with power-saving processor Intel Core 2 Duo SU7300 CPU with 1.3 GHz speed and Turbo33 technology to help improve processing speed by 30% and extend battery life up to 12 hours, 2GB Ram memory, 320GB HDD, Boot Up via Express Gate for only 8 seconds for access to the separate connected entertainment functions integrated by Asus.

It has Altec Lansing entertainment woofer system, ASUS UL20A uses Intel GMA 4500MHD integrated graphics application, supports Wi-Fi 802.11 n, and a full range of popular connectivity ports today.

The products are officially distributed by Vinh Xuan Computer Co., Ltd. with the reference price of UL20A of 780 USD, and UL80VT is 812 USD, exclusive of VAT.
