1. Top 1: AWM gun

AWM is No. 1 in sniper rifles with strong fighting ability, penetrating all kinds of armor from the enemy. The number of bullets in the ice is 5 capsules but can be raised to 7 members if the magazine is expanded. Gun radius can cause maximum damage of 150m and minimal operation at 679m.

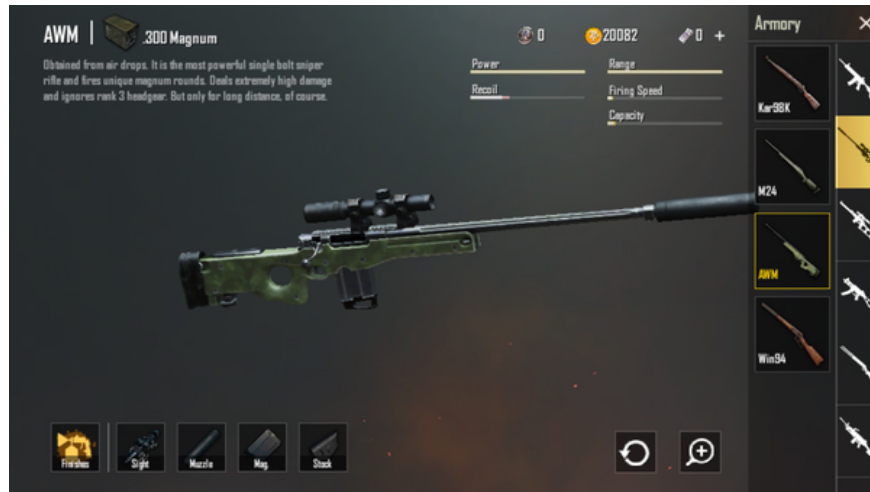

Attached gun accessories include:

1. Barrel head: Suppressor, Flash Hider and Compensator.

2. Bullet: Extended Mag, Quickdraw Mag, Extended Quickdraw Mag.
3. Firearm: Cheek Pad.
4. Viewfinder: Any type of viewfinder

However, AWM will be difficult to find when it only appears in the hearing box, the number of bullets is quite limited, so people need to have skills and experience to use.

2. Top 2: M24

M24 is considered an upgraded version of Kar98, appearing in many places on the map. The ammunition can be extended from 5 members to 7 members, which can lower enemies with 1 hit. The output bullet speed is also high, so the ability to drop ammunition is low, working effectively with a radius of less than 580m.

Accessories for M24:

1. Barrel head: Suppressor, Flash Hider and Compensator.
2. Bullet: Extended Mag, Quickdraw Mag, Extended Quickdraw Mag.
3. Firearm: Cheek Pad.
4. Viewfinder: Any type of viewfinder.

3. Top 3: Kar98k

This is a dedicated and frequent sniper gun found on every map of PUBG Mobile. The gun uses 7.62mm bullets, about 5 shots in the magazine. The gun's damage force is about 75 so it is easy to take down the enemy with a 3-point cap at the head.

If the enemy has less than 85% of their health with 3 caps, it is easy to reduce the enemy's health. Kar98 is often used to fight at long range with high accuracy. The effective operating distance of the gun is under 485m.

The accessories of Kar98k include:

1. Barrel head: Suppressor, Flash Hier and Compensator
2. Firearm: Cheek Pad and Bullet Loop.
3. Viewfinder: Any type of viewfinder.
