Apple has not yet announced the route to sell iPad 2 in countries like Vietnam.

In April, Apple will continue to sell iPad 2 in countries near Vietnam such as Korea, Hong Kong and Singapore. According to previous experiences from selling iPads and iPhones, the two countries very close to Vietnam, Hong Kong and Singapore, will have very good prices, equal or even lower than the US.

Below is a comparison table of iPad 2 prices in 25 countries sold on March 25th.

The iPad 2 was officially introduced on March 3 and "hit" just over a week later. The most significant upgrade in this model is the slim and light design and the configuration is much more powerful than the first version. iPad 2 is expected to sell 400,000 to 500,000 units in the first day sold in the US.
