Finally, you will receive a 3-digit number. The first digit is the number you selected at the beginning and the other 2 numbers are your age.

**Do you feel surprised with the result? And now comes the psychological age guessing question!**

Psychological age is something very different, so answer the following questions without having to think much!

**Your birthday:**

1. Not important and you don't care.
2. The day the whole family reunited.
3. An occasion to organize a grand party.

**What do you think of the president's age?**

1. He is too young.
2. Doesn't matter age. It is important to rule the country.
3. He is too old.

### **Which TV show do you like to watch?**

1. Documentary.
2. TV series.
3. Actual programs.

### **If you win the lottery, what will you do?**

1. Spending part, the rest is saving.
2. Pay off the mortgage.
3. Go shopping, party and enjoy a great time.

### **What's your hobby?**

1. Sewing, knitting, gardening, playing cards.
2. Running, cooking, yoga.
3. Games, parties, sports.

We have classified the answer into **3 psychological age groups** . If you choose most of the first ideas in the answers, it indicates that you have the psychological characteristics of the adult and the elderly. If most people choose the number 2 then you have a middle-aged personality. If you choose the number 3 most, it shows that you have the mentality of people in their 20s or teens.
