

# The simplest way to remove red underlines in Word!

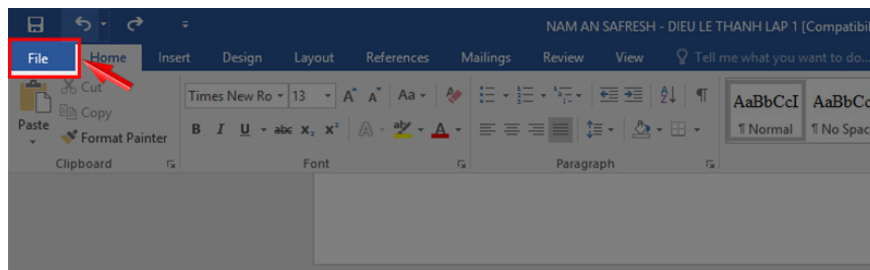

Instructions on how to remove red underlines in Word 2016 2013 2010 2007 for those of you who are crazy about red underlines in documents. Removing underlines in Word helps your documents look clearer and is also a more professional way to compose documents.

When using Microsoft Word, we often see red underlines under accented words when typing Vietnamese. This is a feature that helps check spelling, but it also causes a lot of trouble or creates an uncomfortable feeling when reading or editing text. So how to remove red underlines in Word?

## How to remove red underline in Word

**The red underline in Word** is a very useful spell check feature of Word when typing in English, but it is less effective when used in Vietnamese. To remove the red underline in Word, you can follow the instructions below:

Step 1: In the open Word software, select **File > Options**

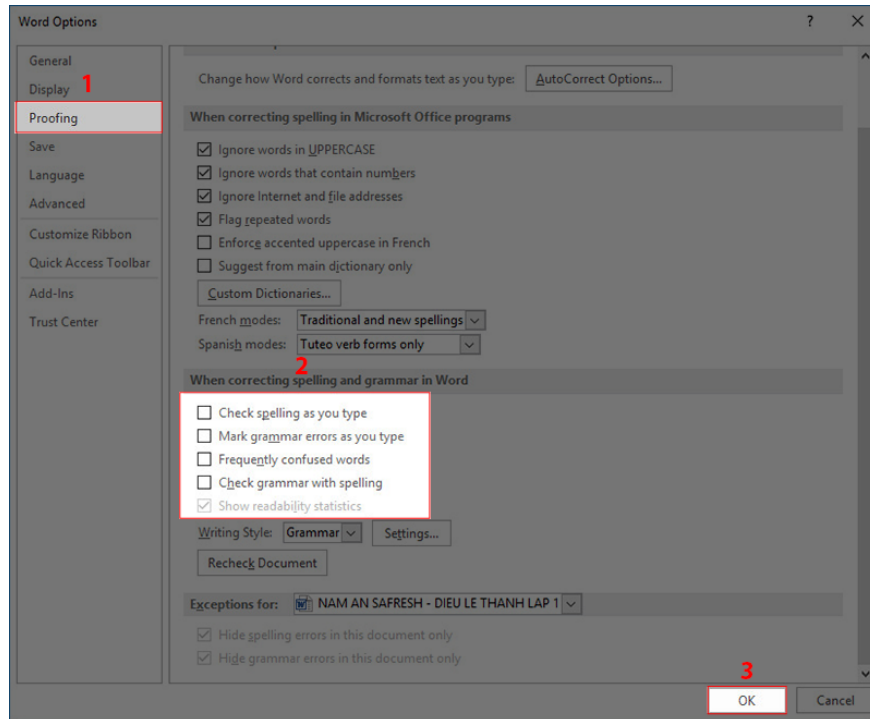

Step 2: In the Options option,

Select Proofing, at When correcting spelling and grammar in Word, uncheck the features:

1. **Check spelling as you type** .
2. **Mark grammar errors as you type** .
3. **Frequently** confused words.
4. **Check grammar with spelling** .

Then, select OK to finish turning off red underline spell check in Word.

Or you can uncheck the items under **When correcting spelling and grammar in** :

1. **Hide** spelling errors in this document only.
2. **Hide grammar errors this document only** .

Then click **OK** to turn off the spell check feature on Word.
