

The style of makeup over the past 2 decades of Victoria's Secret angel: simple, natural but extremely sexy

Years have passed, Victoria's Secret's make-up and hairstyles are always simple, natural but also sexy, sexy.

Referring to the hot 'angels' on the Victoria's Secret Fashion Show catwalk, we will remember right away the models with charming brown skin and natural blond curls. These beauty recipes have been used for the past two decades, so familiar that people call it a distinctive beauty style that is Victoria's Secret with "Bombshell hairstyles" or "makeup Bombshell style". ("bombshell" in English means extremely sexy girl), etc.

So during the past 2 decades, during those hot medical shows besides wavy hair and brown skin, which makeup style has turned these models into 'angels', not the army of dolls? calf?

1. 10 tips to help you become beautiful without make-up
2. If you want to try lipstick from famous brands, try this app right away

In 1995, the first show in VSFS, the Victoria's Secret model went against the most popular makeup trend of the moment and the new model for the new, delicate but still sexy and seductive makeup formula. : Brown brown eyeshadow with brown eyeliner, pinkish lip gloss with emulsion, and a light, smooth, thin base.

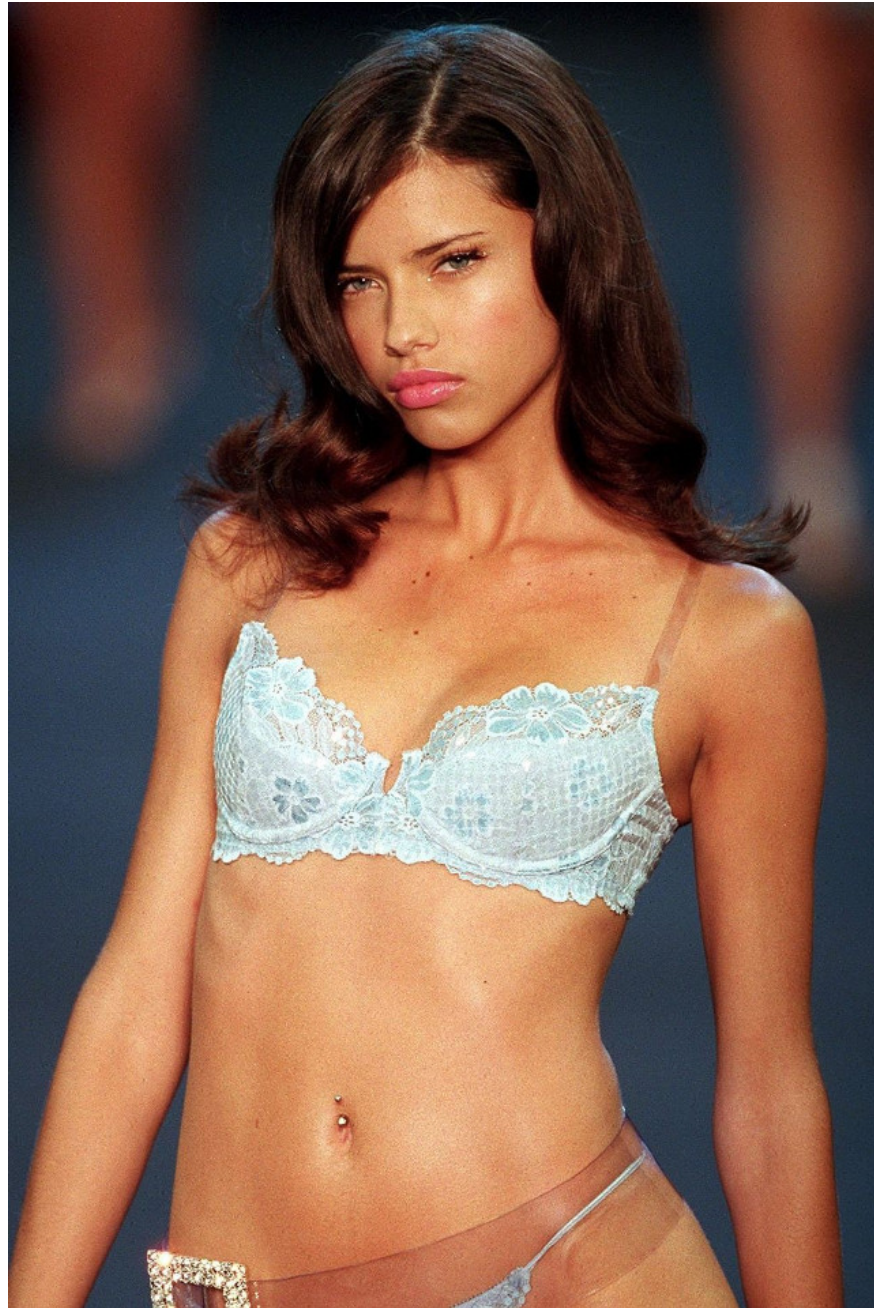

Subsequently in 1997, the world once again fluttered with Naomi Campbell's mysterious black-wave curly hairstyle.

And to VSFS 1998 style makeup: pink barbie lipstick paired with silver eyeshadow sexy sexy smog will become the most popular trend of the time.

There have been times when the angels of super makeup VSFS, almost to the surface of the catwalk. The proof is the image of Gisele Bündchen in VSFS 1999. On the face of the Brazilian supermodel, there were still natural sunburns that attracted immensely.

By 2000 on VSFS catwalk, Adriana Lima once again became one of Victoria's Secret models to become beautiful in natural ripple hair and simple makeup formula with the only highlight is pink lips. barbie stretches the ball. Besides, it is easy to see that light-emitting chalk (highlighter) has begun to be used to create a shine effect for the model's skin.

A smooth, straight-forward hair was the dominant trend during the 2001s, and it was not uncommon for models to wear this hairstyle on VSFS show sand.

Through the smooth straightening of the hair period, in 2002 Victoria's Secret angels were at the forefront of the trend: curly hair Bombshell bobbed, glossy brown skin accompanied by smoky makeup and lots of highlighter!

Then in 2003, temporary curls gradually became "the ultimate weapon" to help the angels get thick, fluffy and seductive hair springs like a standard dream Bombshell.

By 2006, a brown skin was more popular and favored by people, besides the lip gloss style made their lips become extremely sexy and sexy.

Still follow the trend of last year's lip gloss, at VSFS 2007, the angels continue to promote the lip gloss of nude, natural and charming.

On VSFS 2008 stage, highlighter is the only thing that exists, other things are not important. It seems that highlighter's density is proportional to the sexyness of the angels.

Candice Swanepoel angel with hair springs super thick and floating on the stage VSFS 2009.

And in 2010, lipgloss lip gloss gradually replaced by natural gentle matte lip balm.

By 2011, the lips were covered with a plump lip gloss like water, which gradually returned with a sophisticated minimalist makeup style.

On the VSFS 2012 stage, people no longer see glittering highlighter faces, instead of smooth, smooth skin with smooth cheeks and super natural lips.

In 2013, the trend of makeup focused on the eyes with the smoky color and fashionable nude makeup, helping our models more attractive on the stage.

VSFS 2014 with minimalistic makeup formula emphasizes the healthy shadow of the skin.

Cool highlighter, smoky eyes and pink nude lipstick are the beauty keywords of Victoria's Secret long legs in the 2015 show.

During VSFS 2016, audiences continued to be reunited with Bombshell hairstyles and cool natural makeup styles.
