

The term of familiar locations in PUBG

In addition to the commonly used terms in PUBG, gamers often have location-specific terms, typically called 'home'.

Often most games have their own specific terms so that gamers can quickly identify what their teammates want to say. In PUBG there are separate terms for the types of houses. This will be the position where members often exchange and communicate with their teammates, to recognize and coordinate faster. The following article will summarize the names of home names in PUBG.

Location terms in PUBG

1. The church

The church points to the abandoned old churches in the game. This term has nothing to puzzle players.

2. 2-storey house "dead"

This house will have only 1 entrance, 4 sides of the house will be a window and it is easy to get stuck if the enemy attacks or bombs. The only way to escape is to jump from the window.

3. Doremon's house

In fact, this Doremon term does not rely on the location of the house, nor does it rely on any elements, but simply streamer Tik who has taken on the house railing and read Doremon's story, still standing at the top 1. Also This house is quite similar to the "Legend" house.

4. Bird's nest house

This house has 2 floors but there are not many things to loot, there is nothing to defend around.

5. The labyrinth house

This house will have 2 floors but when going to the 2nd floor will see the door and door. This makes it easy for players to mistake this room to another room, like a maze battle.

6. The cafe is dim

When parachuting down Primorsk, Severny or Mylta we will often land on this site. This location is easy to loot, there are not many gamers so it will limit attack.

7. Stone house

According to many gamers, the stone will appear Kar98 or Scop8x.

8. Brick house

This house often appears many stone bricks when going upstairs.

9. The L house

This building is located at the Pecado resort hotel, these rooms are arranged close to each other and form an L shape. If you want to get more items, you can also choose this place.

10. Bread house

If viewed from above, this house is quite similar to a loaf of bread. Inside there are lots of things to loot.

11. The arena

This position often occurs fierce attacks, scrambling for the area.

12. Xuka House

The 2-storey villa, though simple, is not too solid but contains a lot of items for gamers to loot. We can use this house for defense.

Each house in PUBG is often named based on their shape, their location or random names. Each house will have different characteristics, appropriate or not for the player's stealth and attack process.
