

The top 10 Desktop PC today

This can be said to be desktop PCs that meet the strict requirements for users to choose. Performance and ranking commensurate with the amount and technology change

This can be said to be desktop PCs that meet the strict requirements for users to choose. Performance and rankings are commensurate with the amount and technology changes, but these are the most powerful desktop PC available to date.

Location 1: Dell XPS 630

Specifications:

CPU: 3.16-GHz Core 2 Duo E8500

Graphics Adapter: nVidia GeForce 9800 GT

Monitor Model: Dell SP2208WFP

Total HD Size (GB): 640

WorldBench 6 Word Score: Very Good

Reference price: \$ 1959

Position 2: Micro Express MicroFlex 450B

Specifications:

CPU: 2.83-GHz Core 2 Quad Q9550

Graphics Adapter: Sapphire HD4870

Monitor Model: LG W1942TQ

Total HD Size (GB): 500

WorldBench 6 Word Score: Very Good

Reference price: \$ 1599

Polywell Poly 3 X4800-Extreme

Specifications:

CPU: 3.2-GHz Core 2 Extreme X9770

Graphics Adapter: MSI Nvidia GeForce GTX280

Monitor Model: Acer AL2416WBSD

Total HD Size (GB): 600

WorldBench 6 Word Score: Superior

Reference price: \$ 4799

Position 4: Xi MTower PCIe Centurion

Specifications:

CPU: 3.16-GHz Core 2 Duo E8500

Graphics Adapter: EVGA e-GeForce 9800 GTX

Monitor Model: Samsung SyncMaster 245BW

Total HD Size (GB): 600

WorldBench 6 Word Score: Superior

Reference price: \$ 3399

Location 5: HP Pavilion Elite d5000t

Specifications:

CPU: 2.83-GHz Core 2 Quad Q9550

Graphics Adapter: Nvidia GeForce 9500 GS

Monitor Model: HP w2207

Total HD Size (GB): 750

WorldBench 6 Word Score: Very Good

Reference price: \$ 1830

Location 6: CyberPower Power Infinity Pro

Specifications:

CPU: 3-GHz Core 2 Extreme QX9650

Graphics Adapter: EVGA 8800 GTX

Monitor Model: Sylvania SK2201W-B

Total HD Size (GB): 1800

WorldBench 6 Word Score: Very Good

Reference price: \$ 4299

Position 7: Polywell MiniBox 780G-9950

Specifications:

CPU: 2.6-GHz Phenom 9950

Graphics Adapter: Gigabyte ATI Radeon HD 4870

Monitor Model: Samsung 2253BW

Total HD Size (GB): 600

WorldBench 6 Word Score: Good

Reference price: \$ 2350

Position 8: CyberPower Infinity Pro

Specifications:

CPU: 3-GHz Core 2 Extreme QX6850

Graphics Adapter: eVGA eGeForce 8800GTX

Monitor Model: (2) Viewsonic Q22WB

Total HD Size (GB): 1800

WorldBench 6 Word Score: Very Good

Reference price: \$ 4999

Position 9: Polywell Poly P3503-3DT

Specifications:

CPU: 3-GHz Core 2 Extreme QX6850

Graphics Adapter: Nvidia GeForce 8800

Monitor Model: KDS 2200W

Total HD Size (GB): 650

WorldBench 6 Word Score: Good

Reference price: \$ 2695

Position 10: Cerise Computers Cerise Quad Core Workstation

Specifications:

CPU: 2.66-GHz Core 2 Quad Q6700

Graphics Adapter: Nvidia GeForce 8600 GT

Monitor Model: Samsung SyncMaster 953BW

Total HD Size (GB): 2000

WorldBench 6 Word Score: Very Good

Reference price: \$ 3629.
