

# The whole Earth seems to shrink in this beautiful country

Montenegro, a tiny country in southeastern Europe is considered by many to be a miniature version of the Earth because of its diverse landscapes, as beautiful as miracles.

**Montenegro** , a tiny country in southeastern Europe is considered by many to be a miniature version of the Earth because of its diverse landscapes, as beautiful as miracles.

1. 19 beautiful pictures to "suffocate" make you think that you are on another planet, not Earth
2. National Geographic: 19 wonderful natural photos 2016

The landscape in Montenegro really looks like a beautiful picture that combines the most beautiful regions in the world. Almost all of the great scenery of the Earth, from picturesque tranquil mountain lakes, snow-capped peaks, blue Adriatic sea, to majestic waterfalls, rivers in the green hidden in the primeval forests and imposing canyons, the small coastal towns are peaceful and peaceful . all "reunite" here.
