Doraemon: Story of Seasons Game Tips, Doraemon: Story of Seasons Game Tips help new players develop their farm smoothly.

Story of Seasons' latest game, Doraemon: Story of Seasons, offers the familiar farming experience with the hugely popular anime series. When the player and his friends, from the cartoon series Doraemon, are stranded in an unfamiliar town, needing to find work and a place to stay. Players will take on the role of Noby, perform work and run a farm.

Over time, the farm will expand and gamers can raise livestock, decorate and upgrade their buildings and tools. People will also discover more about the town and its surroundings, finding things to collect and meeting new friends.

The game has too many interesting things that can make people overwhelmed. Therefore, apply the following simple instructions during the first few days on Doraemon's farm: Story of Seasons.

## Tips for playing Doraemon: Story of Seasons

### Learn the basics

By the end of the first hour of the game, most people will begin to grasp the basics as the story walks through each content. A town tour introduces the people and their shops, as well as showing how to navigate around the area and the game menu.

Players will also be given a basic farming tutorial, which covers how to plant, water, grow and harvest crops.

Don't worry if you can't remember everything because just hover over the interactive items and the game will show a prompt which button to press.

### **Start building the farm**

When starting to build your farm, the first priority will be to clear the area and start planting and watering plants. It takes a few days for the plants to grow, but they need daily watering.

Once fully grown, the harvested crops can then be sold through crates. This will take some time but there are other ways to make money besides planting trees

To start farming, the player will need to buy some seeds. Some townsfolk will help and the player can pick up some free radish seeds from the Knick Knacks general store.

### **Visit the stores**
