

- **Move continuously:** Do not stand still in one place for too long, because you will become an easy target for your opponents.
- **Collect orbs of destroyed opponents:** Observe around to see when an opponent is destroyed, then quickly move to that area to collect orbs.

4. Attack and defense tactics

Once you reach a certain size, you need to start attacking smaller opponents to collect more orbs:

- **Surprise attack:** Approach the opponent from behind or from hidden corners to avoid being detected and attacked.
- **Smart defense:** If you are being chased, move in a zigzag path or use obstacles to cover and cut off your opponent.

5. Use boost wisely

Boost is one of the important tools to help you move faster in EvoWars.io. Use boost to:

- **Avoid opponents:** When attacked, use boost to speed up and escape danger.
- **Approach the target:** When you see weak opponents or large orbs, use boost to quickly approach and collect.

6. Observe and learn from your opponents

Observe how other players play, especially those at higher levels. Learn from their attack, defense and movement strategies to apply to your gameplay. This helps you improve your skills and strategies quickly.

7. Control size and speed

As you level up and become larger, your movement speed will decrease. Therefore, it is necessary to consider between collecting orbs and attacking opponents. Sometimes, keeping a moderate size to maintain speed and flexibility in movement is a reasonable strategy.

8. Don't be too greedy

One of the common mistakes players make is being too greedy in collecting orbs and forgetting the risk of being attacked. Always be alert and ready to defend. Don't collect orbs in dangerous areas if you are not sure about your safety.

9. Taking advantage of the environment and game map

The map in EvoWars.io has many obstacles and special areas that you can use to protect yourself or attack your opponents. Take advantage of them wisely:

- **Obstacles:** Use obstacles to hide and suddenly attack opponents.
- **Hidden corners:** Attack from hidden corners to make it difficult for opponents to detect you.
