

Tips for playing Internet Cafe Simulator 2 for newbies

Tips for playing Internet Cafe Simulator 2 for newbies, The following tips will help the 'rookie' of Internet Cafe Simulator 2 game feel comfortable and comfortable when playing Internet Cafe Simulator 2

The following tips will help the "rookie" of the Internet Cafe Simulator 2 game feel comfortable and comfortable when starting a long journey to build a net shop from scratch.

The background of Internet Cafe Simulator 2 game is a chaotic, dark and full of thieves. Your goal is to repair the old garage, turn it into a net shop that attracts customers in the area. It is certainly not an easy job. And the line between legal and illegal is sometimes very thin...

Most of the gameplay is in automatic form, so if you know a few tips, conquering Internet Cafe Simulator 2 is quite simple.

Instructions for playing the basic Internet Cafe Simulator 2 game

1. The new game launched on Steam in early 2022, so some pretty annoying lag is inevitable. For example, when you accidentally place the mop too close to the wall, it will slide to the other side and... disappear. The best way to keep the net shop clean is to use a vacuum cleaner, although it is quite expensive.
2. PCs, consoles, and VR stations will automatically turn on when you place them on the table.
3. Press M to view the map when lost.

1. There are some customers who will leave without paying for the service. Please place the bat nearby to claim the money back. When you have more wealth, you can hire security guards to handle this problem.
2. The only way to save the game is... go to sleep. You don't have to sleep every day, but do it every now and then. Otherwise the game progress will evaporate when the game crashes.
3. For the fastest money, reduce the service price to Very Cheap and wait for the first guests. After they walk in, immediately raise the price to maximum before they sit down and turn on the machine.
4. In the tutorial, you are forced to spend money and buy the device on Zamazor. Buy a good CPU that makes gaming guests feel comfortable right from the start.

1. Second hand stores are always a smart choice to buy a computer at a great price.
2. Quickly open the 2nd room and build the toilet.
3. It is not recommended to hire security guards or janitors early in the game. Unless you win the lottery, do whatever you like.
4. And buy 1 or 2 games from the app store to cater to paying customers.

With these small tips, you will quickly get used to Internet Cafe Simulator II and be ready for more difficult challenges later in the game.
