Tips for playing Rules of Survival game

1. Download the Rules of Survival PC game
2. Download the game Rules of Survival Android
3. Download Rules of Survival iOS

1. Caution in Bo:

There will be many other players in the board, so don't hit your head straight into the board. If you don't have enough weapons and other equipment, you may be taken out immediately.

The safest point for newcomers is the fringe area, around the green limit point because there are few parachutes. Avoid red circle points as this is the opponent's focus area on the map loot.

2. Things to do after parachuting:

You will first be transported to an island then parachuted to find weapons and equip yourself. Of course, just start playing you will have nothing in hand, the other players are similar.

Hurry up and find for yourself things like guns, shirts and hats in the houses. Each house will have different types of guns and bullets.

If you can find the M41a1 or Thompson, the gun has a low and stable recoil when shot. When you reach the end of the game when Bo shrinks, look for Shotgun guns including AA12, M870, M1887. This type of gun has great damage when used at close range, or long distances when using large and heavy ammunition.

3. Attention when picking up items:

The equipment in the game will be scattered on the way, and can be anywhere. These equipment will become necessary for your battle. However, it is not always obvious that you will quickly pick it up because the opponent will hide anywhere to destroy you.

Look closely at the directions before picking up items or when entering a new building. In addition, the fastest pick up is to kill other people and get their belongings, or take someone's item that was destroyed by others. Or you can loot from a random supply box dropped from the plane.

Picking up things also needs to be calculated, so pick up good things to equip. For new players, try to find backpacks to be able to pick up many items like bullets, heal, guns, .

4. Shortcuts to pump blood faster:

Shortcuts when playing Rules of Survival on your computer will help you a lot, saving you considerable time especially when you need to pump faster.

1. 7: First aid kit.
2. 8: Med-kit.
3. 9: Bandage.
4. 0: Sports drink.

5. Use the Alt key when playing Rules of Survival:

Alt key will help gamers follow behind. When skydiving at first, using the Alt key to view and remember the opponent's position will help you avoid the opponent's attack. In addition to the nearby hills, check continuously with X8 or X4 if available.

Getting the rules, or paying attention to a few points, is something every player of Rules of Survival needs to have for themselves. How to protect your life in the first battles, then you hope to become the last surviving player of the match.
