

# Tips to put super neat things in suitcases while traveling

When traveling or traveling, you often have a habit of carrying a lot of things. But how to put all that stuff into the suitcase now. Please refer to the tips to neatly put the map into the travel suitcase that TipsMake.com shared to know how.

Suitcase pull is an indispensable companion in your business trips, travel. When you go you often want to carry a lot of things but the suitcase size is limited. TipsMake.com will share the secret of arranging smart and scientific before putting in suitcases so that you have just brought a lot of things that the suitcase is still very neat.

## The secret of stowing things in a travel suitcase

### 1. For clothes

Should fold clothes neatly before putting in suitcases by curling up so will save a lot of space for your suitcase.

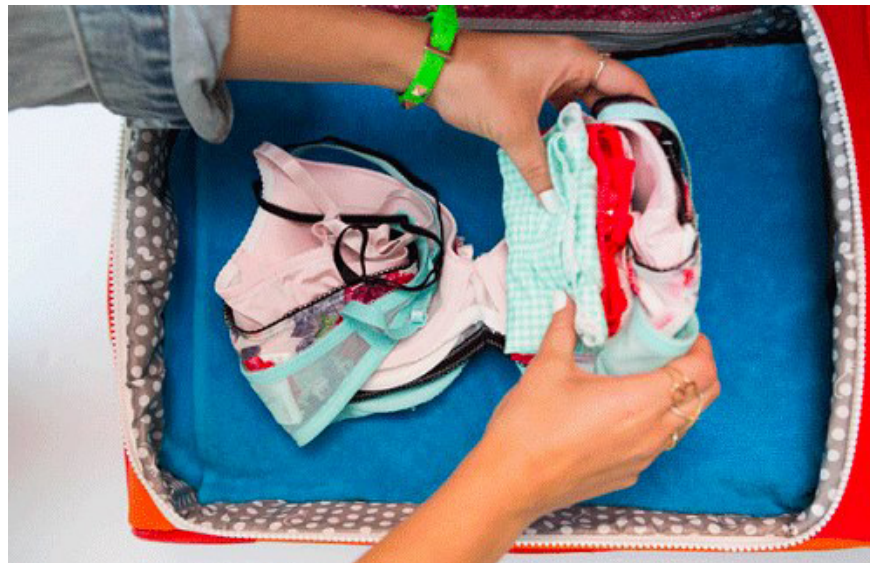

### 2. Jewelry

Jewelry is usually very small in size, easy to fall so you should sort them and put them in the small compartments of the box and then put them into suitcases to avoid loss.

### **3. Fold the internal medicine**

Internal medicine, if messed up, will be very expensive in the suitcase. You should put them together and fold them in such a way that it will be more neat.

### **4. For accessories like headphones, phone charger, watch**

Music headsets and phones often have long strings so it is easy to tangle and break the cord. You should wrap those wires up and tighten them and then put them in the small compartment of the suitcase.

## 5. For cosmetics

Girls often like makeup, but if you wear all makeup kits, it will be very expensive in the suitcase. Meanwhile, travel for a few days, so take out a sufficient amount and put it in small tubes. Then use the paper to stick the names of those cosmetics out, which will also help your belongings to be less bulky.

## 6. For shampoo, shower gel

Use a plastic bag to cover all the bottles of shampoo, shower gel . before tightening their caps. Do not let these solutions spill into your suitcase and damage your clothes.

## 7. Shoes

Footwear often gets dirty so you should put it in a plastic bag and tie it tightly, then use the inside of the shoe to store it.

Hopefully, the above information will help you arrange your furniture in a suitcase more neatly and scientifically.
