

Top 10 Good Games for You to Fight with Ancient Dragons

Here are the Top 10 Great Games that turn you into a hero, fighting the legendary ancient Dragons.

Skyrim

Skyrim is an open-world game set in the fictional Skyrim land located on the Tamriel continent of the planet Nirn, in Skyrim the player will take the role of a hero whose task is to destroy the ancient dragon Alduin is a threat. big for humans. Another very good detail in the game is that players can arbitrarily skip the plot to freely explore the world in the Game. Skyrim also achieved certain achievements when in just the first week it sold up to 7 million copies, a very terrible number.

God of War

The latest version of God Of War came out in 2018, with the plot revolving around a father and son Kratos on an expedition to the snowy mountains who accidentally encountered Dragon Hraezlyr, a giant ancient dragon that will destroy everyone at any cost. living things it sees. In the end, you can predict, the victory is in favor of the Greek god of war and his son, they took the scales and teeth of the dragon and then continued the journey that was forecasted to be arduous.

Century: Age of Ashes

Century: Age of Ashes is a war game set in the Middle Ages where humans and animals live in symbiosis with each other. Each warrior in the Game will own one to many dragons, together they will conquer all roads in the world.

The player's task is to choose for themselves a satisfactory dragon and then train them to become unscathed warriors to be ready to enter the earthquake.

The dragon race will have a variety, in addition, the character is also divided into 3 groups of characters including Windguard, Marauder and Phantom. The smooth combination of characters and dragons will be the key point for you to win.

Demon's Souls

Demon's Souls is a horror-oriented game set in the land of Boletaria, a kingdom destroyed by a darkness called the Old One that is unleashed through the use of Forbidden Souls. In the game, players will play the role of a hero whose mission is to bring peace to the land of Boletaria, which is dominated by the fallen King Allant and the Old One.

This is indeed a game that is not simple with a difficult battle mechanism, especially if dying and resurrecting many times will trigger the game's penalty, it is a difficult challenge for many gamers.

Originally released on PS3, Demon's Souls now has improvements to be available on Sony's most modern Console - PS5. With the current success, it will be a solid base to hold the place for the next Souls game versions to be remade on PS5 in turn.

Genshin Impact

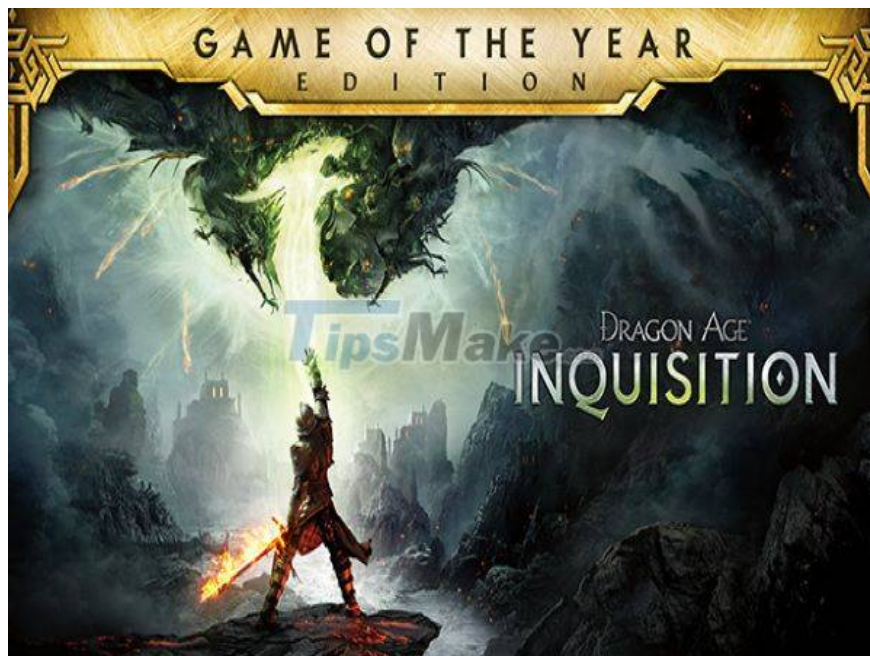

It is not an exaggeration to say that Genshin Impact is the most popular role-playing game in 2020, in the game, players will also have extremely impressive dragon battles. That dragon is Dvalin (also known as Phong Ma Long), a giant wind-type dragon.

Dvalin is an extremely powerful boss and will be difficult to defeat especially in the early game. As an important link in the plot, if you want to continue to continue the story, you will have to overcome this challenge.

The right time to destroy the wind demon dragon is when the character's strength has improved. Once you have mastered the "knife handle", the destruction of Phong Ma Long is only procedural in order to bring back valuable materials for you.

Dragon Age: Inquisition

Referring to the outstanding open world role-playing games in recent years, we must definitely talk about Dragon Age: Inquisition. In the Game you will have true mastery when everything you want will come true

when you are an extremely influential commander, namely an entire continent. You can seriously be a wise commander or a depraved depending on how you want to change the content of the game, the missions will have their own solutions. With top-notch graphics and excellent gameplay, Dragon Age: Inquisition is a game not to be missed.

Baldur's Gate III

Baldur's Gate is a role-playing game series built based on the context of the legendary board game "The Realms" or The Forgotten Realms Dungeons & Dragons. The game series will be divided into two series including: Bhaalspawn Saga and Dark Alliance, set in the Western Heartlands. With series 1 - Bhaalspawn Saga exclusively for PC, the remaining series Bhaalspawn Saga will be exclusively for Console.

The role-playing style in Baldur's Gate III has many similarities with GameSpot's best game of all time, Divinity: Original Sin II. Exploration will be done in real time, but combat is turn-based. With each turn, you can calculate and perform many actions such as attack, defense, use furniture, move tactically, use skills, heal, hide. even, especially, You can completely combine the characters in the squad to get yourself a combo that serves to destroy the opponent.

Neverwinter

Is one of the hottest role-playing games on the Steam release portal in 2013 right after it was released. Neverwinter Online certainly won't let you down. Unlike today's Online Games when you only need a few tricks to destroy monsters. Neverwinter Online requires players to be highly focused each time they encounter monsters, because you will have to deal with a whole bunch of aggressive monsters with small Bosses that cannot be ignored.

With graphics inspired by medieval Europe, where magic, witches and dragons spread fear. This will be a very suitable choice for those who are interested in discovering more about the mysterious anecdotes from hundreds of years ago.

Monster Hunter: World

Monster Hunter: World is a new game in the Series of the same name released by the big man Capcom. The game does not have PvP, but the main content will be PvE only. In the Game, the most popular part is to separate the "pilot" team to hunt raids, hunt monsters to level up, hunt items . or if you love independent combat, you can do the above things yourself. What is more special is that because it is built in the style of Game Online, Monster Hunter: World will have a very large open world. In the game, players can completely freely move around the map, explore areas. new land.

In Monster Hunter everything is equal, if you want to buff your own strength, you have to craft armor and weapons, not race for points or rankings like other games. Items obtained and crafted from the monster's parts will reflect its strength as well as its weakness. Each type of creature has its own characteristics for you to consider, for example, thick skin can be used as defensive armor against fire and damage. You have complete clarity on what to do next, what monsters to hunt, and what types of equipment.

GreedFall

Is a combination between two well-known publishers Focus Home Interactive and Spiders Games. GreedFall takes the player on a quest to find an "elixir" on the mystical island of Teer Fradee so that he can save the earth, which is on the verge of extinction by a great disease with no cure. place and claimed the lives of millions of lives.

If you are a lover of adventures, discover new lands. GreedFall will take you and your team across the ocean to find the island of Teer Fradee and the secret of the cure that can save humanity. Of course danger is always lurking waiting to devour you. Can humanity be saved? All will be answered in GreedFall.
