Top interesting Bingo game for Android users

Mental Hospital V

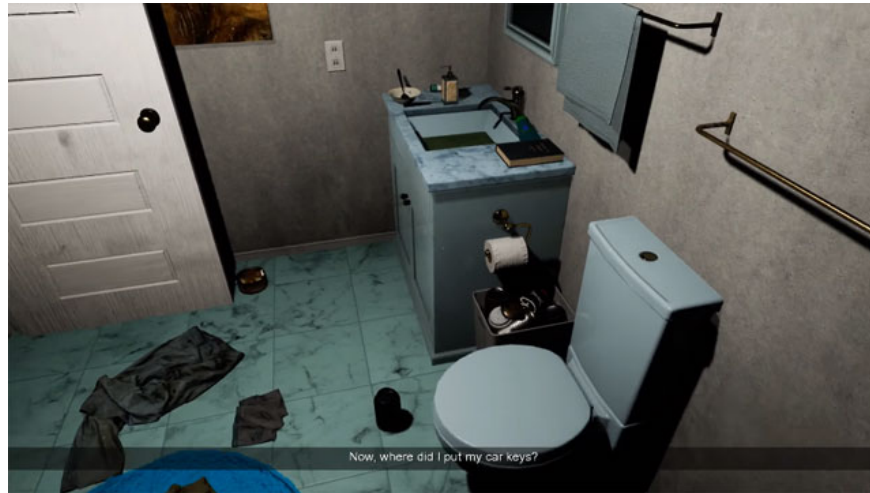

1. Download Mental Hospital V for iOS
2. Download Mental Hospital V for Android

Mental Hospital V's story is quite similar to Outlast's horror blockbuster on PC. In this section, journalist Mark after leading a group of reporters investigating an abandoned mental hospital and all mysteriously missing. The player will play the role of his brother Mark and set out for this mysterious hospital to find the whereabouts of

his brother without knowing that, there is a formidable spooky force waiting for him behind the door. of this ruins area.

The gameplay of Mental Hospital V is still a familiar first-person view, players will be equipped with a night-vision camera and start going into a grisly murky scene to explore. Just like Outlast, players will not have any weapons in their hands and no special power, you will be completely helpless before the evil forces in the game, gamers will only run and run If unfortunately encounter them.

Emily Wants To Play Too

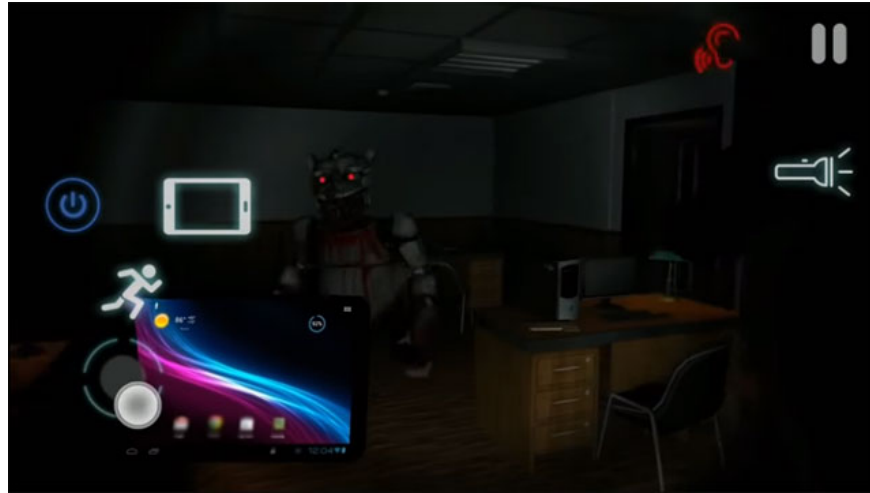

1. Download Emily Wants To Play Too for iOS
2. Download Emily Wants To Play Too for Android

Emily Wants To Play Too talks about a simple but extremely creepy story. In the evening, a delivery guy received a delivery order to a dark and cold house, he came in and the door closed, he could not go out anymore but was faced with horrible things waiting I am in this house.

The dolls will constantly appear, and they will pursue the player like bloodthirsty killers. Players will not be able to do anything but give up running in the midnight and half-light scenes, the flashing lights and the feeling of being chased really will make the player feel heartbeat. And maybe after several deaths, you will find a way to survive with these dolls to find a way out of this ghost house.

Case Animatronics

Download Case Animatronics for Android

You will see Case Animatronics similar to Five Nights at Freddy's horror game. The only difference is that in Case Animatronics, you play the role of a detective named John Bishop, the guy who often works too hard and often stays late at night at the police station, where work late can lead to post tragic results. After a strange dream, John woke up and got a mysterious call from an old friend, and every trouble started from this call.

First, your police department will be disconnected, the security system is hacked and all exits are locked, but that's still not a real problem.

Someone, no, something is watching you with bright red eyes glowing from dark corners, moving sounds, metallic sounds echoing all over the place. Go find out and you will know what it is, survive it by hiding in a cabinet or under the table, learn how to stop it and you will have a chance to escape from this monstrous police department.

Paranormal Territory 2

1. Download Paranormal Territory 2 for iOS
2. Download Paranormal Territory 2 for Android

The story of Paranormal Territory 2 starts from a small outback, on a great day, you receive messages from some unknown people. Someone told you about the strange and inexplicable events happening in their homes. You are interested and want to go there to investigate by the address received in the message.

Upon arrival, you will see supernatural horror phenomena going on continuously. Your task is to find all 8 statues in the house and exit it, but it will not be easy to do this at all. You will receive notice of fleeing from a terrifying force with the scary sounds around, the game requires players to be quick and quick-handed to survive to the end.

Forgotten Memories

Forgotten Memories has a heavy capacity, even heavier than PUBG Mobile VNG. Therefore, the game's graphics are quite impressive compared to most mobile games on the phone today. Game with traditional horror gameplay like Silent Hill.

You will have to fumble in the darkness, in the corridors covered by darkness with flashlight pinned on your hands, along with a gun and a few bullets. The player will have to step through the doors with the inside of the dummy, mannequin with weird postures. Every time you arrive, they will wake up and make you fight back to survive.

And yet, you will have to face other invisible forces, including ghosts going through walls, those you only have to run away.

Lost Within

Download Lost Within for iOS

Lost Within is the first type of perspective game, set in an abandoned hospital, where you will face horror creatures and a murderer who is hidden in the dark.

During the game you can collect items and create your own weapons, but Lost Within's gameplay is in favor of "silent" action. The game encourages players to ignore having to face the enemy directly and should hide, avoid having to encounter them.

You will have to adventure in a building in the role of a weak prey, not resisting with a creepy atmosphere, that feeling will really be frightening when you accidentally encounter your enemy. Lost Within's graphics are considered equal to light games on PC.

Reporter: The Beginning

1. Download Reporter: the Beginning for iOS
2. Download Reporter: the Beginning for Android

Reporter's Report: The Beginning started in a small town in Russia when there was a sudden series of barbaric, scary, and inexplicable murders. The story becomes more mysterious when the police also try to hide the truth.

But a few cases were brought to the local press, so it caught the eye of an enthusiastic reporter, wanting to find out what happened. You will play the reporter and start your journey to learn the truth.

Specifically, you will be able to control this reporter character with the first view in the game. Everything you have will be just your phone and hands to open the door, pick up the item, escape the ghost . to find a way out and discover the mystery. You must use your intelligence with the player's quick reaction and unravel the mystery. The game has a nice graphics level compared to most current mobile games.

Evil Dead: Endless Nightmare

1. Download Evil Dead: Endless Nightmare for iOS
2. Download Evil Dead: Endless Nightmare for Android

If anyone has ever seen the Evil Dead Series (Ma Tree), then you certainly are no stranger to the creepy scenery of the house in the forest, but around them are always lurking demons to attack players. True to the name Evil Dead: Endless Nightmare, the game will take players into a horrible nightmare when fighting with large, aggressive ghosts.

Evil Dead: Endless Nightmare is only suitable for those who have steel nerves, who like strong feelings and are not for young children, who are weak by the gore and horror that it brings.

The context of the game will be similar to that of the Ghost Tree when you will get lost in a deserted house deep in the forest. However, instead of having a group of people like in the movie, here you are alone and try to survive the bloodthirsty demons, take advantage of any weapons you have to support and live omitted.

Can You Escape Haunted Room 2?

Download Can You Escape Ghost Room 2? for iOS

That night, it was dark and snowy, and you had to venture into a haunted house with many scary things waiting for you. You will have to solve the puzzles posed by the game, in addition to that you will have to deal with the aggressive zombies waiting and rushing at you.

The game is more prone to solving puzzles than horror elements, yet it still provides a creepy scene for players, apply their intelligence, combine the in-game items and turn them into words. Then get out of this house.

The Eyes - The Horror Game

1. Download The Eyes - The Horror Game for iOS
2. Download The Eyes - The Horror Game for Android

The Eyes has been on PC for a long time, originally a web-based game version, then appeared as a PC game and is now available on mobile.

This game has a fairly simple storyline, you wake up in a house and have the task of finding the money wrapped everywhere in the house, about 20 wrapped, you can get the key and escape the horror that's it However, this work will not happen so easily.

There will be horrible things looking for you constantly, you will get a message to present them through sound and when things around have different signs. And if a red RUN appears on the screen, it is a sign that you are about to be caught if you do not find a way to run. One trick that you can know is that the demons are somewhere to collect red eyes and use them.

Slendrina: The Cellar 1 & 2

1. Download Slendrina: The Cellar for iOS
2. Download Slendrina: The Cellar for Android
3. Download Slendrina: The Cellar 2 for Android

Like The Eyes, Slendrina's story: The Cellar simply means you are lost in a dark cellar. Your task is to find all 8 old books in this cellar and then escape, when searching, you will also have to find the key to open the door to escape.

And besides there is a girl who always watches you and will do anything to stop you. Whatever the reason, when searching, the most important thing is . never turn your head.
