

# TOP 10 most downloaded applications in the decade, 4 of them belong to Facebook

Of the 10 most downloaded mobile apps in the decade, it's not surprising that Facebook holds up to four names.

Despite the 'historical' privacy scandals, billions of dollars in fines and lots of trouble on the sidelines, no one can deny that Facebook is a decade of Facebook as one of the most successful public companies in the world. The world's largest technology company, holds the most popular services and applications on the planet.

A new report from reputable market analysis firm App Annie has revealed the top 10 most downloaded mobile apps in the decade and it is not surprising that Facebook holds up to four of these, Facebook ( social networks), Messenger (messaging), WhatsApp (messaging) and Instagram (social networks). Remarkably, these are also the top 4 applications of App Annie's list, showing the dominance of Facebook as well as the trend of the technology world for nearly 10 years.

The list of the 10 most downloaded mobile applications is as follows:

1. Facebook
2. Facebook Messenger
3. WhatsApp
4. Instagram
5. Snapchat
6. Skype

7. TikTok
8. UC Browser
9. YouTube
10. Twitter

Without doing in-depth research, it's easy to see that Facebook (social networking) is dominating the daily lives of billions of people, even becoming indispensable in modern lifestyles. Along with the popularity of Facebook is Messenger - an instant messaging platform, sharing communication with characters and voices, integrated on Facebook's Chat application. The next two names: WhatsApp and Instagram have also confirmed their need around the world.

The remaining 6 applications of the list are also predefined names. Familiar faces like Snapchat and Twitter are apps that own hundreds of millions of regular users, while TikTok is considered the dark horse of the list with more than 1.5 billion downloads on both Play Store and App Store. by the end of October. This is an extremely impressive number for a product that was just launched in 2017. TikTok is on the road to becoming the world's most popular social application, directly threatening the No. 1 position of Facebook in the near future.
