RPG game is a role-playing action game series, the game series is loved by the majority of gamers because of its free, attractive and high-action gameplay. From its origins to the line of tablet games, RPG has evolved over the years into the most ambitious and dominant game genre, boasting a highly rated category because it is so diverse. It is difficult to choose the best game, but in this article TipsMake.com will choose 10 good offline RPG games for your computer so you can easily choose and experience at any time. Please follow along.

## 1. The Witcher 3: Wild Hunt

Many role-playing games focus on stories of lonely, wandering adventurers, but few can do it with art like The Witcher 3. It's the most obvious art in the context, where Filled with breathtaking sunsets and groves, the scenery makes us want to walk sightseeing rather than glance quickly. The Witcher 3: Wild Hunt not only has good gameplay and engaging storyline, but also has an awesome graphics platform with tons of amazing environmental effects. Another element that impresses gamers is the skill system, as well as the depth equipment of The Witcher 3: Wild Hunt. This is the element that any role-playing game must have, and overall the game has done almost perfectly.

## **2. The Elder Scrolls V: Skyrim Special Edition**

It may have been half a decade old, but Skyrim is still one of the best RPGs because of its incredible graphics. Bethesda has also released The Elder Scrolls V: Skyrim Special Edition, which includes all the add-ons that have been released, along with a number of graphical upgrades. If you have a VR headset, then you can also play The Elder Scrolls V: Skyrim VR for PC, giving you an even better experience. The fantasy open world in the game allows you to spend hundreds of hours enjoying the view without having to solve the main story. Few games create such a rich world, and there is enough content to play the game with a whole host of different characters without feeling like you are being drawn into a "hero" stereotype.

### 3. Final Fantasy 15

Final Fantasy 15, the latest version of this longstanding role-playing game series, features a special PC version built to take advantage of the power and flexibility of Windows PCs, compared to gaming consoles. So with Final Fantasy 15 Windows Edition, you get more content, as well as Nvidia GameWorks support for 4K, HDR and mod support. If you are a fan of Final Fantasy, a PC is the best thing to play this game.

### 4. Dark Souls III

Ready for punishment? Dark Souls III is the latest game in the series to make you cry. This is a new type of gameplay. It's not really about leveling up your character, it's a kind of mind you need to learn the ways of your enemies to survive. It's like games from ancient times, but those messy pieces are poured into a modern action RPG. Dark Souls III also has the deepest RPG elements of the series to date. Along with choosing a character class, your weapon has skills related to that class that are an important part of winning Dark Souls III.

### 5. Fallout 4

If you want an RPG but don't like pointless swords and magic, Fallout 4 needs to be on your shopping list. As any Fallout fan will know, the game is set in a nuclear apocalypse, where every puddle pumps radiation into your skin and even the cockroaches are deadly. This time, you wake up after hibernating in a bunker to find your life partner who has been killed and your son kidnapped. You have to find the baby, even though it disappeared 20 years before you wake up. The game has beautiful graphics, rich missions and addictive gameplay, this will be an RPG game that you cannot ignore.

## 6. Dragon Age: Inquisition

Dragon Age InQueryition is the first choice if you find Witcher 3 a bit too thoughtful and serious. You play the Inquisition as a character similar to Jesus. To satisfy the action gamers and the fans of the series. Dragon Age: Inquisition's battle system has been significantly improved compared to previous versions. The surrounding combat environment is also designed to encourage players to take advantage. Besides, the attack points of the bosses in Dragon Age: Inquisition are also divided into many different parts. It is the change of the battle system that forces gamers to regularly stop the game to calculate the most reasonable use of skills. To satisfy the player both visually and audibly, Dragon Age can be said: Inquisition is one of the rare games that successfully evokes players' desire to explore.

## 7. Legend of Grimrock 2

In the game you will play the four prisoners in the vast and dark prison of Grimrock Castle with the promise that if they survive, all their sins will be erased. However, these are not the four required characters of the game because you can change them to characters you create yourself if you want. There are four character classes to choose from with different abilities: human, minotaur, lizard, insect. Not only do you need the physical strength of each character, you will also need your quick, smart brain to solve the extremely tough puzzles presented by Grimrock Castle to prevent your advance. . In addition to the inherent difficulty of previous genre games, Grimrock also has features that can help you recall similar titles from the past. A hard-core player will break Grimrock in 20 hours with all the secrets and riddles solved. However, the game will not end during that time, the developer will release a sequel to the adventure so you can have more hours of relaxation.

## 8. Divinity: Original Sin Enhanced Edition

Divinity: Original Sin is one of the most exciting RPGs that will appear for many years. Its missions and combat force players to think carefully about their actions and choices, which many often talk about contemporary role-playing games. Character creation in DOS: EE is relatively complex despite a few elements removed from

traditional RPGs. Mission system in the game is very diverse, rich and attractive. In particular, because monsters only appear once when you pass by and do not regenerate like action role-playing games, completing side quests is the best way for you to earn experience points and level up . DOS battles: EE is designed in turn-based fashion, when you encounter enemies,The time in the game will change from real-time to turn for you to start your battle. If you want an RPG with the most skills, the most stats to look at, and a world that constantly uses every line on your character table, then there's nothing else like Divinity: Original Sin Enhanced Edition. You can find more immersive, more accessible, or less busy role-playing games, but very few are actually immersive.

## 9. Mass Effect 2

Right from the start immersing yourself into the world of the game, players will feel very excited and excited with their characters and that feeling almost lasts until the last moments of the game. The game still revolves around the main character Shepard, a man who once fought for the safety of the galaxy. Despite the victories, Shepard is still ready to go and recruit the best warriors in the galaxy to shed blood for the noble cause. The characters in the game are carefully constructed and have their own personality. Plus with great conversation mode, gamers will not get bored when communicating with these NPCs. Overall, Mass Effect 2 is a top-notch game. Combat system,Its story-building and character construction is the ideal role model for Western role-playing games. If you are a person who likes to explore, like freedom and want to be a part of the game thanks to your characterization, Mass Effect 2 is a game not to be missed.

## 10. Undertale

Undertale is a JRPG-inspired game (more like Earthbound, than Final Fantasy) where you can't hurt anyone unless you want to. You play a child who falls into the world of monsters and their king wants your soul. You have to find your way home. Or become friends with everyone. Or kill everyone. Whatever you want, really. The adventure of finding a way out of the cave is full of mysterious riddles and there are many comedic encounters on the way. The game has a very unique gameplay that we can hardly find in any other game. A story that is not new, but will fascinate all who have ever come across it. And literally, this is a journey that can only be made once in a lifetime.
