1. The best Android apps 2017

1. Benas Dzimidas icon pack

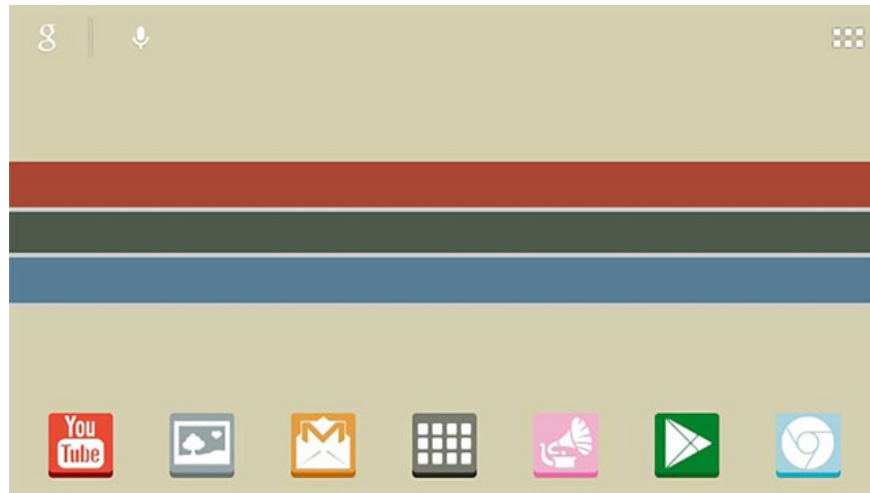

Benas Dzimidas is a prominent developer of icon packs with icon pack packs like Rondo, Lai and Toca UI. Rondo is round, flat, inspired by Material design. The Toca interface is similar to Rondo but has a square shape instead of a circle. Both are excellent choices. The Lai icon packs are rectangular with silent (muted color) and over 2200 icons attached. These icon packs also have wallpapers and some support Muzei. This will be a good choice if you want the icon pack with a simple design.
