

# Top 12 cheapest and best quality LOL gaming mouse models in 2023

Gaming mouse is one of the important devices for LOL game. Join TipsMake to learn about the 12 cheapest LOL gaming mouse models in 2023 below.

Gaming mice are one of the important devices that help League of Legends gamers enjoy the game more fully. Being able to 'hit and run' and execute moves smoothly and accurately will bring victory to yourself and your teammates. Here is a list of the top 12 cheapest and best quality LOL (League of Legends) gaming mice that TipsMake wants to share with you.

## 1. Zadez G-610M Gaming Mouse

The first name to mention in the list of cheap LOL gaming mice is **Zadez G-610M**. This is a cheap gaming mouse model but is still equipped with an eye-catching LED lighting system with 4 colors to make the gaming space more impressive. At the same time, the mouse design has a sporty style with a very stylish black color scheme.

Picture 1 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

The mouse size is moderate, providing a comfortable grip for gamers with large hand sizes. The mouse surface is roughened to help hold the mouse more firmly. This design is especially useful for League of Legends gamers who need to move their mouse at high speed.

Besides, the maximum resolution can be up to 3200 DPI for smooth and accurate mouse movements and mouse clicks. Thanks to that, you can easily farm soldiers and win battles. The rubber-coated roller and 2 Back/Forward buttons equipped on the mouse kidney also support this process.

### Specifications:

## 2. Zadez G151M Gaming Mouse

The **Zadez G151M** gaming mouse model is suitable for ambidextrous LOL gamers. With a symmetrical honeycomb design, this mouse model weighs only 69g, making it easy to hold and comfortable in every movement. Sophisticated design details and strong black paint will help the gaming table become more personal.

Picture 2 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

In addition to its compact design, the Zadez G151M mouse is also equipped with a resolution of up to 3200 DPI for the most accurate and flexible operation. Users can also adjust the maximum sensitivity up to 7200 DPI using the driver. At the same time, through the software, you can also adjust the 6 function buttons on the mouse body according to your needs.

Durability is also the most outstanding factor of this mouse model. In particular, users can click up to 5 million times and scroll up to 200,000 cycles. So even though this is a good, cheap gaming mouse, you definitely won't be disappointed with its performance and durability.

## 6. Logitech G102 Gaming Mouse

The **Logitech G102 gaming mouse** has a classic design but still has a gaming feel with impressive lines and angles. Pure black tones and continuously changing color RGB LED lighting system will add uniqueness to your gaming corner.

## Picture 6 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

Logitech G102 is quite light, **weighing only 85g** and feels light in the hand, without causing fatigue during long-term use. The rough shell helps gamers hold firmly and stably during high-speed mouse movements. At the same time, the extremely sensitive high resolution of 8000 DPI will help you create the most accurate hit and run or combat phases.

### Specifications:

Product information	Detail
Product's name	Logitech G102
Compatible	Windows, MacOS
Resolution	8000 DPI
Led light	RGB support
How to connect	USB plug
Cord length	211 cm
Weight	85g

## 7. Corsair Harpoon RGB Pro FBS/MOBA Gaming Mouse

The next name in the top 12 best quality mouse lines for LOL gamers is a product from the **Corsair** brand - **Harpoon RGB Pro FBS/MOBA** . This mouse model is designed for gaming with a dynamic design. The RGB lighting system and Corsair logo on the mouse body further highlight the design of this masterpiece, especially in dark environments.

Picture 7 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

The mouse weight is very light at only 85g, making it easy to hold and not tire your hands when operating continuously. The two sides are also designed with rubber ribs with a triangular pattern to help prevent slipping when using the mouse.

Not only possessing an impressive design, Harpoon RGB Pro FBS/MOBA also brings maximum gaming experience to users with extremely high resolution of up to 12,000 DPI. Thanks to that, clicks and mouse movements will be extremely accurate and smooth, helping you easily master the battle and win.

You can also customize the DPI to suit your needs through the function button or iCUE software. Besides, Omron technology helps buttons have outstanding durability of up to 20 million clicks. You can safely use the product to play LOL games for a long time.

#### **Specifications:**

<b>Product information</b>	<b>Detail</b>
<b>Product's name</b>	Corsair Harpoon RGB Pro FBS/MOBA
<b>Compatible</b>	Windows
<b>Resolution</b>	12000 DPI
<b>Led light</b>	RGB support

<b>Cord length</b>	185 cm
<b>Weight</b>	85g

## **8. Asus TUF M3 Mouse**

**Asus TUF M3** is a simple, compact LOL gaming mouse model with an ergonomic design suitable for right-handed gamers. Asus TUF M3 is made from high-friction plastic with a light weight of only 84g for a comfortable grip and anti-slip feel when moving the mouse.

Picture 8 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

The next outstanding point of this model is the optical sensor ranging from 200 - 7000 DPI. Users can customize the sensitivity to suit the mouse operation of each type of game. The mouse body is also equipped with 7 function buttons and a smooth mouse scroll button to help enhance the user experience.

At the same time, with a durability of up to 10 million clicks, this is the most suitable choice for those who are looking for a cheap, highly durable LOL gaming mouse.

#### **Specifications:**

<b>Product information</b>	<b>Detail</b>
<b>Product's name</b>	Asus TUF M3
<b>Compatible</b>	Windows
<b>Resolution</b>	7000 DPI
<b>Led light</b>	RGB support
<b>How to connect</b>	USB plug
<b>Cord length</b>	184 cm
<b>Weight</b>	84g

## 9. Logitech G102 Gen2 Lightsync Gaming Mouse

Another LOL gaming mouse product from Logitech that you should not miss is **Logitech G102 Gen2 Lightsync**. This is a mouse model with a simple, gentle symmetrical design and is suitable for both right-handed and left-handed people.

The mouse has a light weight of only 85g and a rough plastic shell that makes it very easy to hold and does not cause fatigue during long-term use. 4 mouse feet mounted at the 4 lower corners help move the mouse smoothly even on fabric surfaces and hard surfaces without the need for a pad.

Picture 9 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

The most prominent feature that makes many gamers love Logitech **G102 Gen2 Lightsync** is Light Sync RGB technology that allows mixing colors and effects. You can customize the colors through Logitech HUB G software to make the gaming corner more impressive.

Not only does it have an impressive design, this mouse line also has an optical sensor with a resolution of up to 8000 DPI. This allows gamers to move the mouse smoothly and accurately in each game operation. You can also adjust the sensitivity from 200 - 8000 DPI to suit each type of game.

### Specifications:

<b>Product information</b>	<b>Detail</b>
<b>Product's name</b>	Logitech G102 Gen2 Lightsync
<b>Compatible</b>	Windows
<b>Resolution</b>	8000 DPI
<b>Led light</b>	RGB
<b>How to connect</b>	USB plug
<b>Cord length</b>	209 cm
<b>Weight</b>	85g

## 10. Rapoo VT30 Gaming Mouse

The **Rapoo VT30** gaming mouse model is loved by many LOL gamers with its delicate curve design and luxurious black color scheme. The multi-color RGB backlight system with 16.8 million colors makes this mouse

model even more impressive and makes your gaming corner more eye-catching and personal.

Picture 10 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

Rapoo VT30's size fits quite well into adult hands and is suitable for right-handed people. At the same time, the left body of the mouse also has an integrated scale to help reduce finger fatigue after long periods of using the mouse.

Besides its unique design, Rapoo VT30 also has a PMW3327 reading eye with 220 inch/s IPS, response frequency up to 1000 Hz. Thanks to that, hit and run operations or executing moves in combat are the most accurate and smoothest in each LOL match. Additionally, if you don't want to play League, you can adjust the DPI to 7 levels from 200 - 6200 to suit each game.

Durability is also an advantage that needs to be mentioned with the Rapoo VT30 mouse model. This product has a high quality Switch button with a durability of up to 30 million clicks. You can easily connect the mouse to products under Windows and MacOS operating systems.

#### Specifications:

Product information	Detail
Product's name	Rapoo VT30
Compatible	Windows, MacOS
Resolution	6200 DPI
Led light	RGB support
How to connect	USB plug
Cord length	185 cm
Weight	104g

## 11. HyperX Pulsefire Core RGB Gaming Mouse

If you are looking for a cheap, quality LOL gaming mouse, you should not miss **the Pulsefire Core RGB** - a product from the familiar HyperX brand. This mouse model has a symmetrical design suitable for both left-handed and right-handed people. Besides, the mouse is now roughened to prevent slipping and help users have a more secure grip when moving the mouse.

Picture 11 of Top 12 cheapest and best quality LOL gaming mouse models in 2023

The next advantage of this mouse model is the Pixart 3327 optical sensor, 1000 Hz response frequency and maximum resolution up to 6200 DPI. These factors help gamers control the mouse accurately to each location and execute moves promptly.

The product is also very impressive when integrated with an LED temple effect with a wide RGB color range of up to 16.8 million colors. You can adjust the brightness level. Change colors, assign function commands, adjust DPI levels to your liking with HyperX NGENUITY software.

#### Specifications:

<b>Product information</b>	<b>Detail</b>
<b>Product's name</b>	HyperX Pulsefire Core RGB
<b>Compatible</b>	Windows
<b>Resolution</b>	6200 DPI
<b>Led light</b>	RGB support
<b>How to connect</b>	USB plug
<b>Cord length</b>	180 cm
<b>Weight</b>	87g

## 12. Logitech G402 Hyperion Fury Gaming Mouse

**G402 Hyperion Fury** is a mouse model with an extremely novel design from manufacturer Logitech that is currently popular with many League players. The mouse size is quite large and sturdy but the light weight is only 144g, creating comfort for the user. It should be noted that this is a mouse model for left-handed people, so if you are right-handed, you should not buy it.

Logitech G402 Hyperion Fury is equipped with a DPI adjustment button with a resolution of 240 - 4000. Depending on your needs to play LOL games or other game series, you can switch flexibly.

The response speed of only 0.001 second is also what makes this mouse line different. Besides, there are 8 super sensitive buttons and genuine rubber rollers that promise to bring the best gaming experience to gamers.

### Specifications:

<b>Product information</b>	<b>Detail</b>
<b>Product's name</b>	Logitech G402 Hyperion Fury
<b>Compatible</b>	Windows
<b>Resolution</b>	4000 DPI
<b>Led light</b>	Have
<b>How to connect</b>	USB plug
<b>Cord length</b>	210 cm
<b>Weight</b>	144g
