

# Top 12 names for the funniest 'adult' movie directories

A user asked a humorous question on social media that 'What is the name of a folder containing adult movies in a computer?'.

A user asked a humorous question on social media that 'What is the name of a folder containing adult movies in a computer?'. And after only one night, this Status has received over 600 comments. Many strange names are given by the brothers to give their "sensitive" folders to avoid being looked at by others if they lend the device. And surprisingly, many of them have 'big idea met together'.

And below are the top 12 funny names. If you are too "know" when choosing a name for your sensitive folder, you can consult.
