1 Voice Changer Plus

One of the best and most popular voice changing apps on iOS. With this application, you can choose dozens of funny voices and sound effects. Don't just talk, try singing with Bad Melody or Bad Harmony. You can even play back your voice and just record, speak and press the button again. To listen to the same recording in different voices, select a new voice and click the play button.

2 Celebrity Voice Changer

Celebrity Voice Changer lets you change your voice into the voice of any celebrity, just say in the mic. This is not a 'cheap' voice effect, like other voice changing applications on the market. So don't miss this great app.

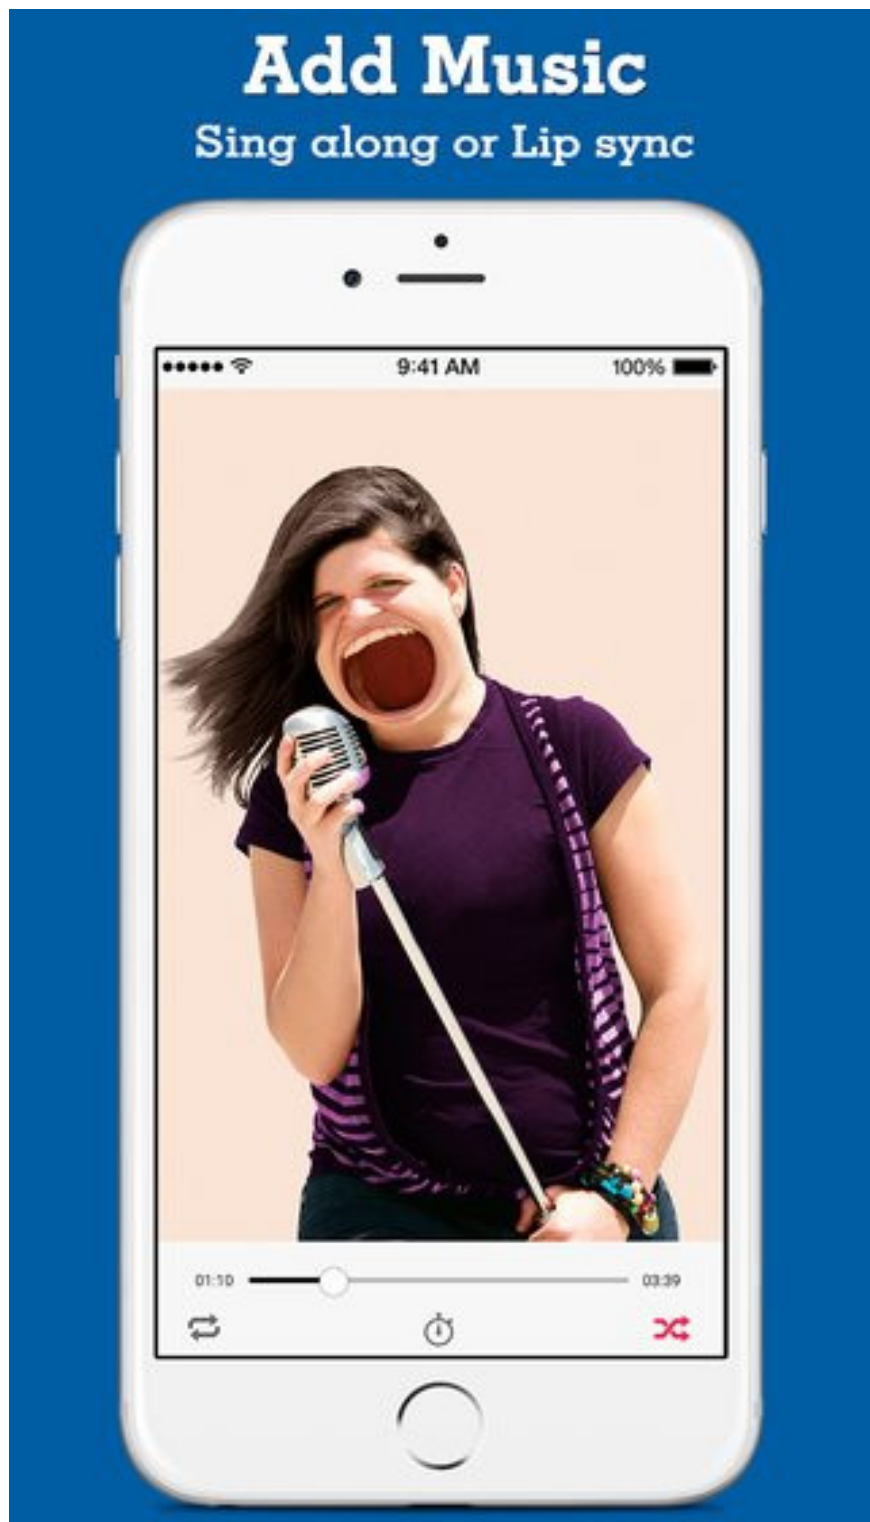

3 Voice Changer ?

Another great voice changer application you should own on iPhone. The application can combine more than 800 voices to change into the final voice. Control voice recording with custom effects.

4 Crazy Helium Booth

This app works quite similar to its name, creates Insanely Hilarious videos or images with face effects and funny sounds like facial deformity to have a big head like aliens, fat faces or Square chin and can even mix different video effects into your own.

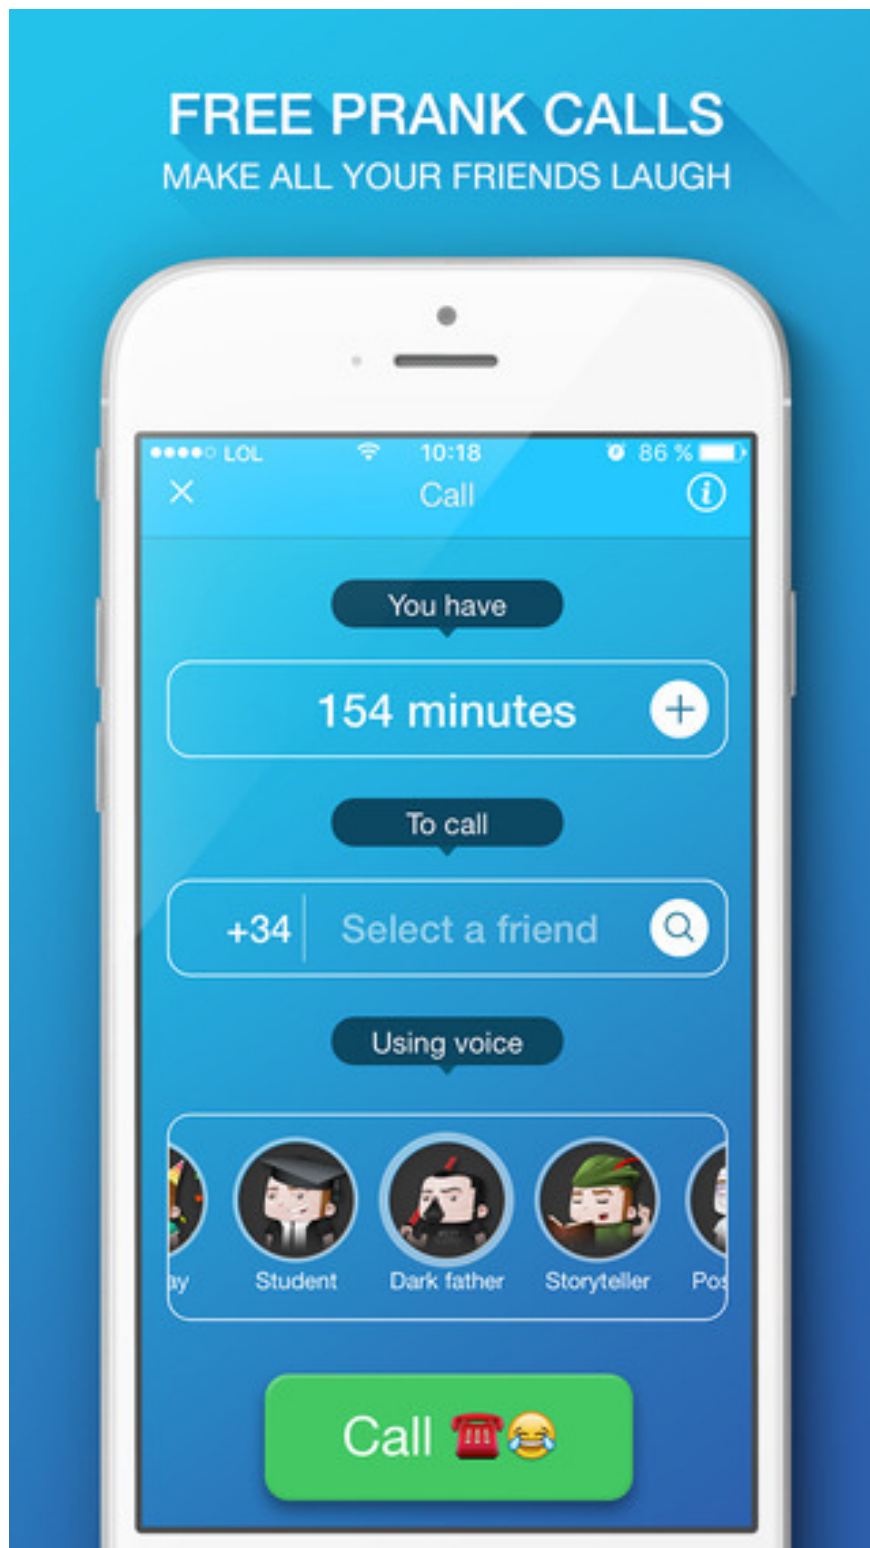

5 Voices 2

Just say something silly to your iPhone or record a friend's voice. Then make it more funny with a dozen different voices.

6 Voicemod

This is another popular voice changing app on iOS, standing at the top of the charts with 2.4 million downloads. This application allows direct voice modifications. Now you can change your voice, make funny calls, play around and create special moments with friends and make them laugh!

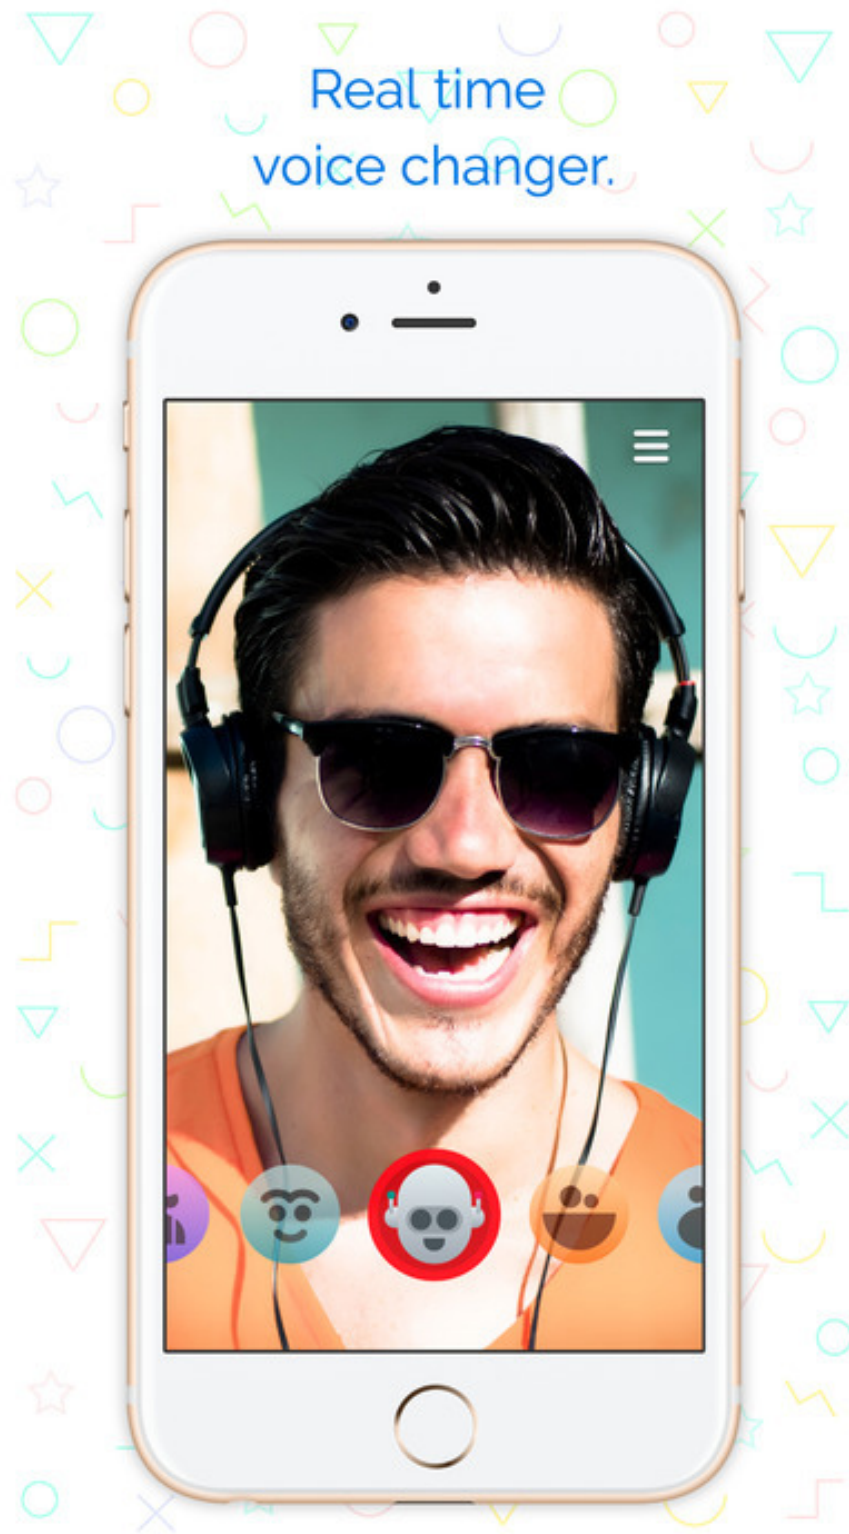

7 idiotify

Idiotify allows voice changes in real time with just one swipe. Say something and make your voice scary, like a robot or another funny voice. Idiotify applies the most advanced technology to make voice like that of a fool. It will definitely be fun.

8 Voice Swap

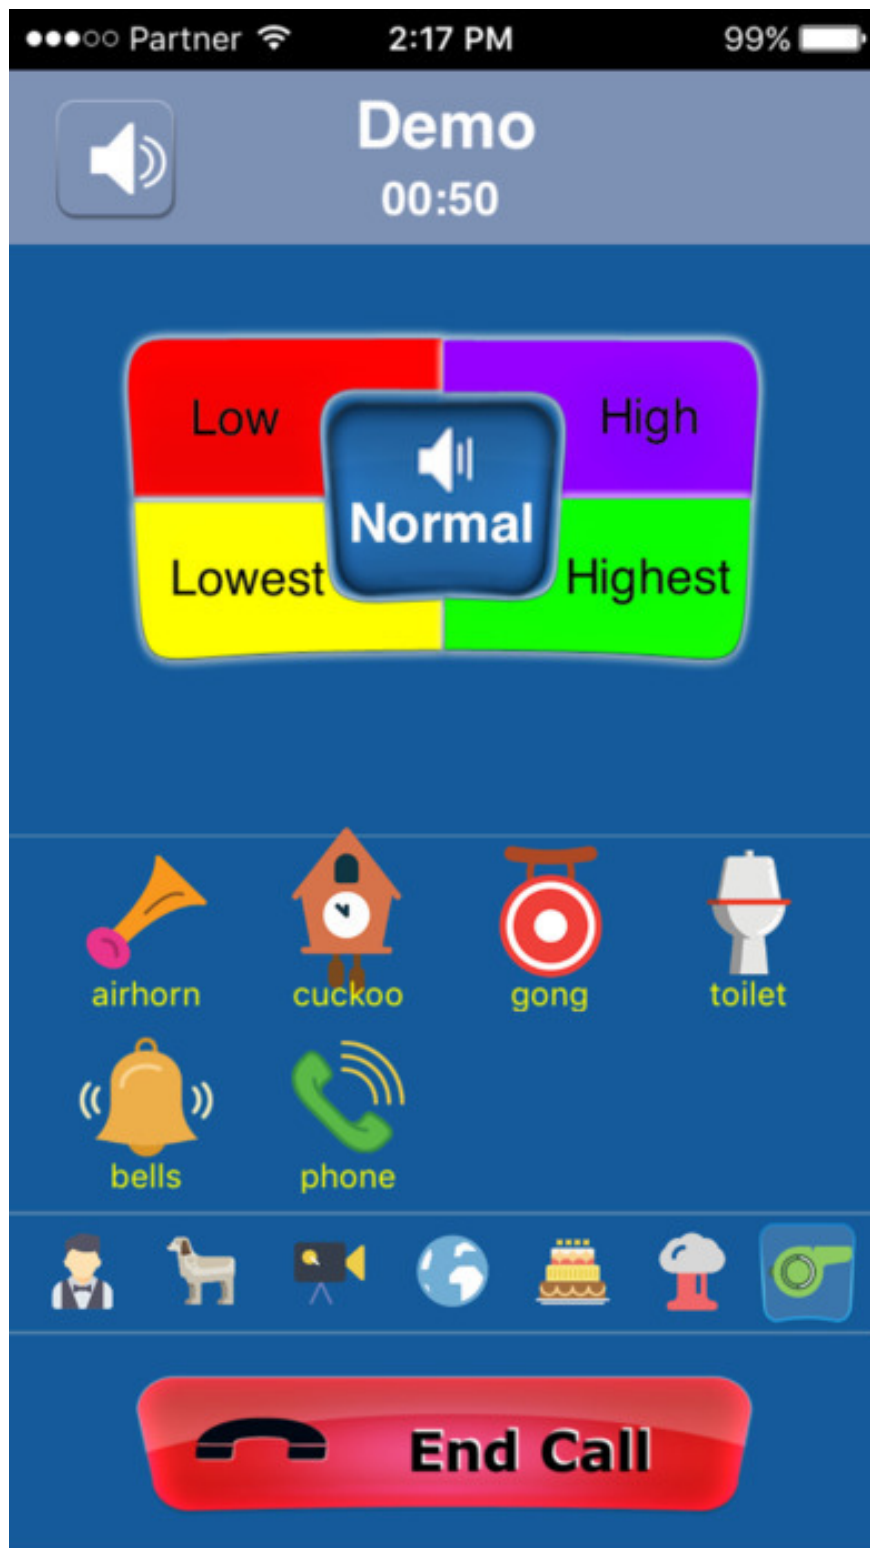

Voice Swap has real-time effects that allow creating different situations and presenting in fun ways. You can change your voice to sound like someone else's. Voice Swap contains more than ten unique voice effects that you can choose to create funny videos for free.

Real time
