Most of us like to watch movies and always look forward to watching the latest cinematic masterpieces right? To please all the true " gods " of movies, the Bright Side page has compiled a list of 15 most anticipated movies in 2017. Entering 2017 with a lot of movie titles Newly popular " *blockbusters* " like Beauty and the Beast, Thor, Star Wars and Pirates of the Caribbean etc . Please watch it!

1. Beauty and the Beast - Beauty and the monster

© Walt Disney Pictures

1. Release date: March 16
2. Director: Bill Condon
3. Actors: Emma Watson, Dan Stevens, Luke Evans

The film based on the original original animated film, released in 1991, is one of Walt Disney's " *immortal* " fairy tales until now. " *Beauty and the Beast* " is the wonderful journey of Belle - a hard-working, beautiful and independent girl, imprisoned by an animal in his castle. Despite her worries, she befriends the strange friends who live in the monster's old castle, and begins to develop feelings for him. However, in fact, that monster inside is a handsome and gentle prince.

The live-action film series is based on fairy tales or Disney's classic animated works that will be released in a different style this spring. Fans of this movie will be happy to know that the classic ballads in the original animated film were used in the upcoming live-action version. With great cast, colorful landscapes and excellent graphic techniques, this film will definitely take you to the fanciful space of fairy tales.

2. Thor: Ragnarok

© Marvel Studios Inc.

1. Release date: October 25
2. Director: Taika Waititi
3. Actors: Tessa Thompson, Benedict Cumberbatch, Idris Elba etc .

This year, Marvel Studios will release an additional film adapted from the same comic " *Thor* " . **Part 3 of Thor** is the last Marvel family name on this list, especially a part of the most anticipated film in 2017. The content revolves around the **9-year** survival war - **Nine Realms** . After, Loki usurped the throne of Odin's father, the mischievous god continued to open the disturbance path from the Bifrost Bridge into Asgard. Thor must return to his hometown to handle important events. This leads to a war that is compared to " *doomsday* ". In order to save the universe, our heroes will have to fight the fire of the **Surtur** demon - who wants to burn nine realms (Nine Realms) and destroy all the inhabitants there. This is not only a blockbuster film that is carefully invested in terms of content, image, and sound but also because this third part (which is *also likely to be the last part*) will solve many of the bottlenecks that part The previous film left open and played an important role in the overall evolution that led to the " *The Avengers* " sequel.
