Drill is an indispensable tool for every family, carpenter or builder, electrician, mechanic. 4 models of 18V battery drill below are the best products worth owning.

Quick review of content

1. 4 most popular 18V battery drills today
 1. 1. Stanley SCD 20C2 battery drill 12mm 18V
 2. 2. Bosch GSR 180-Li battery screwdriver
 3. 3. Total TIDLI228180 screwdriver screwdriver
 4. 4. Bosch GSB 180-Li battery screwdriver
2. Where to buy genuine battery drill?

4 most popular 18V battery drills today

1. Stanley SCD battery drill 20C2 12mm 18V - Selling price VND 2,250,000

Advantages:

1. Stanley drilling machine has anti-counterfeit stamp on the body.
2. Machine comes with many genuine accessories: 2 18V batteries, chargers, carrying cases.
3. Charging time takes only 75 minutes.
4. The drill has an output capacity of 283W to help you drill wood and steel effectively.
5. The machine uses the Auto Lock terminal, so it can use many different drill bits and screws.
6. Adjust speed at two levels, support reversing to screw.

Specifications:

1. Battery voltage: 18V
2. Charging time: 75 minutes
3. Battery type: Lithium
4. Output power: 283W
5. Clamp head size: 13mm
6. Maximum torque: 29.4Nm
7. Battery capacity: 1.3AH
8. Voltage source: 220V - 240V
9. No-load speed: 0 - 1,500 rpm, 0 - 350 rpm
10. Size: 22cm x 20cm x 8cm
11. Product weight: 2kg
12. Accessories: Suitcase, 2 Li-ion batteries
13. Brand: America
14. Made in China
15. Warranty: 6 months

2. Bosch GSR 180-Li battery-operated screwdriver - Price is VND 2,650,000

Advantages:

1. GSR 180-Li produced by Bosch brand is very assured of quality.
2. Screwdrivers have 60-minute super-fast charging time.
3. It comes with a lot of drill bits and screws, equipped with 2 18V batteries and chargers.
4. The Bosch drill has a sturdy plastic container that helps keep the accessory neat.
5. High no-load speed, large torque force helps to soften screw, hard screws become simpler.

Specifications:

1. Battery voltage: 18V
2. Charging time: 60 minutes
3. Battery type: Lithium-ion
4. Maximum torque (difficult screw jobs): 54Nm
5. Maximum torque Soft screwing jobs: 21Nm
6. No-load speed: 0 - 450 rpm, 0 - 1,700 rpm
7. Wood drilling diameter: 35mm
8. Steel drill diameter: 10mm
9. Product weight: 1.6kg
10. Brand: Germany
11. Manufactured in: Malaysia
12. Warranty: 6 months

3. Total TIDL1228180 battery screwdriver - Price is 1,790,000 VND

Advantages:

1. The drill uses an 18V battery, so it has a very long wireless life.
2. Adopting Germany's leading advanced technology, it can withstand good impact, accurate drilling holes and screw fastening.
3. Drill Total has a small design, easy to use, high-precision pair, easy to replace drill bits.

4. Use ultra-durable Li-ion rechargeable battery, long life.
5. Fully enclosed drill bits, screws, rechargeable batteries, carrying cases, chargers, screws.

Specifications:

1. Battery voltage: 18V
2. Charging time: 2 hours
3. Maximum torque: 30Nm
4. Chucks ability: 0.8 - 10mm
5. Charging voltage: 220 - 240V ~ 50 / 60Hz
6. No-load speed: Speed 1 (400 rpm), speed 2 (1,350 rpm)
7. Brand: Germany
8. Made in China
9. Warranty 3 months

4. Bosch GSB 180-LI battery screw drillers - Sale price of VND 2,650,000

Advantages:

1. Bosch GSB 180-LI is the most popular and popular drilling machine from Bosch.
2. Machine with dynamic drilling mode.
3. Drilling machine with integrated LED lighting
4. Torsion up to 54Nm for fast opening or screwing.

Specifications:

1. Battery voltage: 18V
2. Charging time: 60 minutes
3. Battery type: Lithium-ion
4. Maximum torque (difficult screw jobs): 54Nm
5. Maximum torque Soft screwing jobs: 21Nm
6. No-load speed: 0 - 450 rpm, 0 - 1,700 rpm
7. Wood drilling diameter: 35mm
8. Steel drill diameter: 10mm
9. Product weight: 1.6kg
10. Brand: Germany
11. Manufactured in: Malaysia

12. Warranty: 6 months

Where to buy genuine battery drill?
