### Arena of Evolution: Chess Heroes

Download Arena of Evolution: Chess Heroes

Looking at the interface of Arena of Evolution: Chess Heroes you can see that this game has a lot of similarities to Dota Auto Chess with a fully built 3D graphics model and graphic effects that have many similarities with Dota. Auto Chess.

Gamers are also more familiar with the game with a familiar top-down view and closer zoom. How Arena of Evolution works: Chess Heroes is quite similar to Dota Auto Chess when it is also building 8x8 maps, dividing each round, displaying 5 generals for a turn . On the right is a list of players in the lobby to Players can follow.

The system in the game has been completely redone and has nothing to do with Dota Auto Chess, so you will not be able to use the gameplay, chess arrangement like on Dota Auto Chess but you have to practice a new style of play. separately in Arena of Evolution: Chess Heroes.

Each of the generals in Arena of Evolution: Chess Heroes is taken care of by the developer from the appearance to the details of all classes, taking care of the skills . In addition to the summary, you can see the statistics. details about skills or generals to calculate tactics as well as getting used to when you start.

## Heroes Auto Chess

2. Download Heroes Auto Chess for Android

Perhaps many gamers have seen the image of recent Heroes Auto Chess, which has just taken a look at Dota Auto Chess's familiar gameplay. And the number of units of the Heroes Auto Chess is not as complete as that of Dota2, making many gamers uncomfortable.

While the gameplay is no different from Dota Auto Chess, you still have to buy the chess pieces that fall out after each round to upgrade your chess board by placing many pieces of the same type on the table.

In addition, Heroes Auto Chess also requires the player to have his economic management ability to be able to buy the most effective pieces of his budget. Next you can upgrade additional features such as getting more gold to break the record, challenge yourself with higher challenges and win the TOP 1 in Heroes Auto Chess.

One of the most important elements is the combo class, many units that appear on the board will have the necessary support indicators to help you organize a squad with the overall strength of the squad. So even though there is no strong chess piece, but having a team with a close connection, the chances of winning are still easier.

Of course, due to the development on the mobile platform, Heroes Auto Chess lacks many familiar features such as lobby, PVP mode, up to 7 other players or the ability to observe the opponent's lineup.

## Auto Chess Legends

Download Auto Chess Legends for Android

Auto Chess Legends has been released in March with a fairly simple interface, but still "learns" a lot in Dota Auto Chess. Although still not 100% complete, Auto Chess Legends is still being updated continuously recently to help gamers have the best experience.

The game was developed on the basis of two previous Suga Studio products, Ability Draft and I Am Hero, combined with the gameplay of the game inspired by Dota Auto Chess and will bring more features. sharp attract gamers.

Still the familiar 8x8, players just put the minister on the table on the side of their river in 4x8 area. Players need to buy and upgrade generals through each rounds of fighting in the shop and your pieces will automatically battle depending on the skill.

Although the appearance of the generals is not "attractive" very much, these are still the generals who borrowed a lot from Dota 2 and even League of Legends. And also new characters who designed themselves in the game are quite interesting.

## Auto Chess Knight

Auto Chess Knight, also known as Tu Giong Ky, is a version of Dota Auto Chess that is very popular in the form of a knight who was launched in February 2019 on the occasion of the Lunar New Year.

Just a quick glance at the player knew that Auto Chess Knight had the same gameplay as Auto Chess in a combination of a combat, a battle, an automatic battle. The only difference is that Auto Chess Knight uses the image of the guests, the good heroes with different attributes to form combos.

If you want to experience Auto Chess Knight, you can download it at this link. However, currently the game only supports the only language is Chinese.
