

Top 5 Apps to adjust the most beautiful blush

Makeup with gentle blush is definitely the hobby of many cute and lovely girls. Below are the top 5 Apps to adjust beautiful blush on your phone.

Makeup with gentle blush is definitely the hobby of many cute and lovely girls. In this article, TipsMake shares with you the top 5 beautiful blush correction Apps on your phone.

1. Xingtū – Super pretty blush correction app

1. Instructions for downloading and using Xingtū on your phone

Xingtu's image editing and blush correction app is no stranger to young people who love the beauty of today's Chinese billionaires. App Xingtu was designed for the Chinese market but quickly emerged in Vietnam because of its beautiful editing effects, suitable for Asian yellow-skinned people and especially Vietnamese girls. On the Xingtu image editing application, the system provides a set of makeup tools including: Cheek, eyeliner, eyebrow, lipstick, foundation. In particular, the cheek tool is the feature that helps you customize your cheeks with many different styles. Just the pink tone for your cheeks has more than 15 different colors from: Dark pink, nude pink, fashion pink, lotus pink, rose pink, red rose, tone-up pink. allowing you to freely edit your face. Besides the Makeup feature, the Xingtu tool also provides you with thousands of different features so you can edit images in a beautiful, professional way!

2. BeautyPlus – App for beautiful blush makeup

BeautyPlus blush makeup app is recommended by many young people when someone asks about beauty apps on their phones. The first plus point of BeautyPlus is the ability to automatically apply makeup to the face. You just need to add an image and select the automatic feature to let the system apply blush, powder, lipstick and eyebrows for you quickly. When applying blush makeup on BeautyPlus, the effect not only gives you a shimmering blush but also helps your face become brighter and more beautiful. Adjusting blush on the BeautyPlus app is extremely simple, you just need to select the blush area and highlight to get the right blush.

3. Ulike – Extremely beautiful blush selfie app

Ulike is not simply a beauty makeup application, but also a photography app with adorable color filters. One of the most used photo filter effects on Ulike is cute, adorable pink cheeks. Young people like blush because they not only make them look younger but are also not too flashy, suitable for all occasions. Each blush effect on the Ulike app produces different colors, diversifying the highlights of the blush. In addition to the blush adjustment feature, Ulike also has the ability to adjust lipstick, adjust facial skin tone, adjust hair color, adjust eyebrows, adjust eyebrows, highlight nose, create heart lips. With Ulike, you will definitely be able to take selfies that are not only beautiful but also extremely pretty and cute.

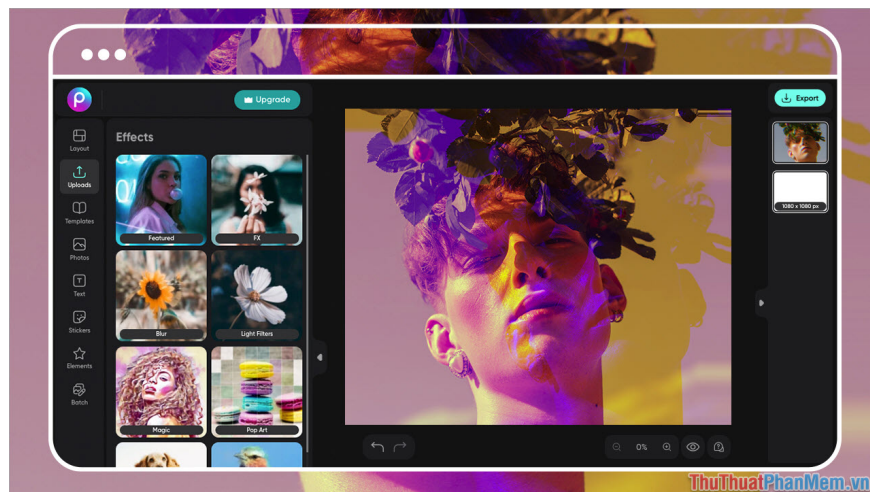

4. Makeup Plus – Beautiful makeup app on the phone

Makeup Plus makeup application is no stranger to girls who like to take selfies on their phones. First, Makeup Plus has a powerful set of beauty tools that few tools can compete with. Not only powerful in beauty tools, Makeup Plus's editing tools are also a huge plus. With the Makeup Plus application, you can completely turn 'Duck into a swan' with just the Auto feature (automatic editing with AI). Photos from Makeup Plus are always realistic, clear and do not reduce image quality like other editing software on the phone.

The Makeup Plus blush makeup app has a blush palette of more than 20+ different pink colors, ranging from warm tones to cool tones, helping you choose blush styles that suit your skin color, hair color, and lipstick color. The Makeup Plus application is being released for free on IOS and Android platforms, you can download it directly from the app store.

5. PicsArt – The leading image editing application on phones

PicsArt image editing app is no stranger to young Vietnamese people. This is also considered a pioneering application in terms of technology and features. First, we have to talk about the powerful and equally professional editing toolset on the phone. PicsArt works in two main ways: automatic editing based on pre-designed effects and color filters from previous users and manual editing according to personal preferences. For

basic tasks, we use automatic features to save a lot of time and effort. The Makeup makeup brush tool set on PicsArt is the set to quickly apply blush and adjust blush for beautiful, cute girls. Download PicsArt now to apply blush makeup to your face without wasting any powder.
