

# Top 5 best offline role-playing games on phones

Offline role-playing games on phones have never been hot on the market thanks to diverse gameplay. Let's discover the top 5 best Offline role-playing games on phones in this article

Although Online games are much more popular, there are still many people who choose Offline games to be able to experience them anytime, anywhere, regardless of the network connection. Besides, playing offline games also helps you save a great amount of money when they don't need to top up cards, don't need to buy and sell items.

Offline games are also being watched by more manufacturers and genres are increasingly diverse to suit a large number of players in the world, but role-playing games are still games with a large number of players. most island.

## 1. Dead Cells

[Dead Cells for Android](#) | [Dead Cells for iOS](#)

Dead Cells is one of the rare RPG games on PC designed for mobile platforms, they are available on both the App Store (iOS) and Play Store (Android). The mobile version of Dead Cells retains the unique gameplay from the phone, but the game screens have been redesigned to suit hand manipulation.

The biggest strength of the Dead Cells game is the character skill set, the user will have up to 6 different skills and they require rhythmic coordination to form beautiful, damaging combos. high. To go through the levels, you will have to fight with a lot of different monsters and there will be bosses with high damage, buffalo blood, they require your ingenuity in controlling the character. Currently, the number of levels of Dead Cells has reached more than 200 levels and to break the game you will need several months, not to mention the manufacturer updating more screens.

## 2. Assassin's Creed Identity

Assassin's Creed Identity for [Android](#) | Assassin's Creed Identity [for iOS](#)

Assassin's Creed Identity will be a game not to be missed for those who like action role-playing games. Under Ubisoft's development, Assassin's Creed Identity has resonated right from the test games and when officially launched they have achieved huge downloads on mobile platforms. The action game Assassin's Creed Identity is developed based on the game of the same name on PC and they still retain the traditional gameplay - Explore, fight.

During the game, you will not only feel the attraction of fighting with beautiful skill combos, but you will also have an impressive experience with a story full of surprises. So far, Assassin's Creed has never disappointed players with the plot, they are always full of attraction and attraction in each scene. Besides, the use of open storyline will make players want to experience again and again to see different endings of the game.

## 3. Shadow Knight

[Shadow Knight for Android](#) | [Shadow Knight for iOS](#)

Shadow Knight is so famous in the world as well as in Vietnam, this game with shadow will certainly not disappoint RPG gamers. First, we will talk about the game design of Shadow Knight, this is one of the few RPG games on the phone that possesses beautiful graphics quality. Besides, the gameplay of the game is equally attractive when you are role-playing as a warrior and have a mission to rescue the kingdom from the attack of a

group of monsters.

The game is not just about fighting and fighting, but you will also have to explore the lands, upgrade equipment and skills to suit your own play style. In particular, players also have to have smart tactics to be able to handle the super strong 'final bosses'.

## 4. Stardew Valley

[Stardew Valley for Android](#) | [Stardew Valley for iOS](#)

Stardew Valley – The most popular role-playing farm game of all time and they will help you have the best entertainment moments. For those who like light games, plowing, and simple gameplay, Stardew Valley will definitely be the first choice. The game will let you play the role of real farmers and you will need to build a garden of your own to enrich yourself.

In addition, Stardew Valley also has an attractive mission system with a large map and a series of events that take place according to the day of play, gameplay, direction to handle your questions during the game. For the game Stardew Valley, you will never have an end and the journey of being a farmer only ends when you get bored of the game.

## 5. Postknight

[Postknight for Android](#) | [Postknight for IOS](#)

Postknight is known as the role-playing game with the simplest gameplay and the ability to play long into the future. Postknight games do not focus much on gameplay, but they focus on the item system, character skills and this is the most attractive part of the game. Instead of having to manipulate your hands, you will have to think to balance the skill sets and items in the game to be able to pass the levels and level up.

Besides, the diverse character system and skills are also the reason why Postknight is attractive to players for a long time. Postknight's levels are constantly being updated by the developer and currently they do not have a final ending. If your phone has a mid-range configuration, not enough to experience heavy Offline games, Postknight is the first choice.
