

Top 5 Best Smart TVs 2021

Smart TVs or smart TVs come in many shapes and sizes, including HD, 4K and 8K. Regardless of your budget, you're sure to find a Smart TV that suits your needs.

For years, 1080p was the standard, but this is changing rapidly. Instead, you're more likely to come across high-resolution OLED and UHD displays, making the selection more complicated.

To help you make your choice, here are the best Smart TVs available today.

1. LG Signature OLED88Z9PUA

Picture 1 of Top 5 Best Smart TVs 2021

The LG Signature OLED88Z9PUA is a monster in the world of smart TVs, boasting 8K technology and the amazing picture quality you'd expect from a nearly \$ 30,000 TV.

Nearly perfect color accuracy. An 8K transition means your 1080p and 4K content will look more impressive until the 8K content is released.

However, unless you can afford to pay a hefty sum for this TV, you should wait until 8K video is widely available. You won't be able to use the full potential of the LG Signature OLED88Z9PUA until then.

Main features

1. Integrated Amazon Alexa and Google Assistant
2. Dolby Atmos 4.2 Ch 80W
3. LG ThinQ AI

Technical specifications

1. Brand: LG
2. Resolution: 7680 x 4320 (8K)
3. Refresh rate: 120Hz
4. Screen size: 88 inch
5. Ports: 4x HDMI, 3x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 3x RF In (RF / Sat Main / Sat Sub)
6. Display technology: OLED
7. 16: 9 aspect ratio

Advantages

1. Excellent image quality
2. 8K resolution
3. Low input lag

Defect

1. There is currently very little 8K content to enjoy

2. Sony XBR-55A9G

Picture 2 of Top 5 Best Smart TVs 2021

Sony XBR-55A9G offers one of the best design for TVs based on OLED technology. It boasts great contrast and vibrant colors (albeit a little tweaking).

The slim and minimal design means you can save space in your living area by mounting this smart TV on a wall. Then you can enjoy Sony's Acoustic Surface Audio technology, for clear, crisp sound.

The Sony XBR-55A9G supports hands-free Google Assistant voice commands, works with Alexa and offers low input lag.

Main features

1. Can be mounted straight to the wall
2. Dolby Atmos compatible audio
3. Works with Alexa
4. Netflix calibration mode

Technical specifications

1. Brand: Sony
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz / 120Hz
4. Screen size: 55 inch
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Display technology: OLED
7. Aspect ratio: 16: 9

Advantages

1. Brilliant image quality
2. Attractive and stylish
3. Clear stereo sound

Defect

1. Expensive

3. Hisense 55H8G

Picture 3 of Top 5 Best Smart TVs 2021

The Hisense 55H8G boasts a rich feature set, vibrant colors and contrast, but the price is very affordable for a 4K smart TV.

This Smart TV is equipped with Android TV operating system. As a result, you can visit the Google Play Store to find music, videos, and apps. Likewise, it works with Google Cast so you can stream directly from your mobile device.

On the back, the Hisense 55H8G has multiple ports for game consoles, external devices and cable box, making it user-friendly along with simple remote control.

When the game mode is enabled, the input lag is significantly reduced, which is ideal for gaming. You will need to remember to switch the setting from Theater mode to Gaming mode to enjoy the best experience.

Main features

1. Game mode
2. Borderless design
3. Dolby Vision HDR + Dolby Atmos images

Technical specifications

1. Brand: Hisense
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz / 120Hz
4. Screen size: 55 inch
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: LCD
7. Aspect ratio: 16: 9

Advantages

1. Affordable smart TV
2. Colors and contrast are good
3. Low input lag

Defect

Not available

4. Hisense 55H9G

Picture 4 of Top 5 Best Smart TVs 2021

The Hisense 55H9G is an excellent and affordable Smart TV. Colors are great and deliver sharp 4K video, along with perfect contrast levels.

If you prefer to stream TV shows and movies, then this Smart TV comes equipped with Android TV operating system. You can go to the Google Play Store and install the app, then download movies and stream music. In addition, the built-in microphone lets you hands-free voice control through the Google Assistant.

The remote is the only real downside to this TV. It has too many buttons, so it might be difficult to find what you're looking for. At this price, the TV doesn't have any backlighting, so it can be hard to tell if you're watching a movie in the dark.

Overall, the Hisense 55H9G is a great budget-friendly TV, with good color quality and contrast, ideal for gamers.

Main features

1. Automatic scene recognition
2. Game mode
3. Far-Field Voice Control feature

Technical specifications

1. Brand: Hisense
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz / 120Hz
4. Screen size: 55 inch
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: LCD
7. Aspect ratio: 16: 9

Advantages

1. Valuable
2. Voice control
3. Equipped with Android TV operating system

Defect

1. The remote is difficult to use

5. TCL 55R635

Picture 5 of Top 5 Best Smart TVs 2021

TCL 55R635 is a great smart TV that exhibits great picture quality, color and contrast, for a very reasonable price. This 4K TV supports HDR content in HDR10, HLG, and Dolby Vision.

Accessing your smart platform is easy, with the Roku TV software. However, the device lacks the seamless user experience that Amazon Fire TV and Google Android TV are proud to own.

The remote was not as expected, but it's pretty straightforward. Game mode reduces input lag very little. However, the option to play a game with this feature disabled will give you over 100ms input lag.

Main features

1. Automatic game play mode and refresh rate subject to change
2. Roku smart TV
3. Voice control

Technical specifications

1. Brand: TCL
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 120Hz
4. Screen size: 55 inch
5. Ports: 4x HDMI, 1x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Display technology: Mini-QLED
7. Aspect ratio: 16: 9

Advantages

1. Brilliant contrast
2. Great color
3. Good price

Defect

1. Input lag is too high
