

# Top 5 best Smart TVs of 2023

Smart TVs or smart TVs come in many shapes and sizes, including HD, 4K and 8K. No matter your budget, you're sure to find a Smart TV that suits your needs. To help you make your choice, below are the best Smart TVs available today.

Smart TVs or smart TVs come in many shapes and sizes, including HD, 4K and 8K. No matter your budget, you're sure to find a Smart TV that suits your needs.

For many years, 1080p was the standard, but this is changing rapidly. Instead, you're more likely to encounter high-resolution OLED and UHD displays, making the choice more complicated.

To help you make your choice, below are the best Smart TVs available today.

## 1. LG Signature OLED88Z9PUA

The LG Signature OLED88Z9PUA is a 'monster' in the smart TV world, boasting 8K technology and the amazing picture quality you'd expect from a nearly \$30k TV.

Color accuracy is almost perfect. The 8K transition means your 1080p and 4K content will look more impressive until 8K content is released.

However, unless you can afford to pay a hefty sum for this TV, you should wait until 8K video is widely available. You won't be able to use the full potential of the LG Signature OLED88Z9PUA until then.

### Main features

1. Amazon Alexa and Google Assistant integration
2. Dolby Atmos 4.2 Ch 80W
3. LG ThinQ AI

## Specifications

1. Brand: LG
2. Resolution: 7680 x 4320 (8K)
3. Refresh rate: 120Hz
4. Screen size: 88 inches
5. Ports: 4x HDMI, 3x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 3x RF In (RF/Sat Main/Sat Sub)
6. Screen technology: OLED
7. Aspect ratio 16:9

## Advantage

1. Excellent image quality
2. 8K resolution
3. Low input lag

## Defect

1. There is currently very little 8K content to enjoy

## 2. Sony XBR-55A9G

The Sony XBR-55A9G offers one of the best designs for a TV based on OLED technology. It boasts excellent contrast and vibrant colors (though a bit of tweaking will be needed).

The slim and minimalist design means you can save space in your living area by mounting this smart TV on the wall. Then you can enjoy Sony's Acoustic Surface Audio technology, for clear, crisp sound.

The Sony XBR-55A9G supports hands-free Google Assistant voice commands, works with Alexa, and offers low input lag.

## Main features

1. Can be mounted directly to the wall
2. Dolby Atmos compatible audio
3. Works with Alexa
4. Netflix calibration mode

### Specifications

1. Brand: Sony
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz/120Hz
4. Screen size: 55 inches
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: OLED
7. Aspect ratio: 16:9

### Advantage

1. Brilliant image quality
2. Attractive and stylish
3. Clear stereo sound

### Defect

1. Expensive

## 3. Hisense 55H8G

The Hisense 55H8G boasts a rich feature set and vibrant colors and contrast, yet the price is very affordable for a 4K smart TV.

This Smart TV is equipped with Android TV operating system. Therefore, you can visit Google Play Store to find music, videos, and apps. Likewise, it works with Google Cast so you can stream directly from your mobile device.

On the back, the Hisense 55H8G has multiple ports for game consoles, external devices and cable boxes, making it user-friendly along with a simple remote control.

When gaming mode is enabled, input lag is significantly reduced, which is ideal for gaming. You'll need to remember to switch settings from Theater mode to Gaming mode to enjoy the best experience.

### Main features

1. Game mode
2. Borderless design
3. Dolby Vision HDR + Dolby Atmos images

### Specifications

1. Brand: Hisense
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz/120Hz
4. Screen size: 55 inches
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: LCD
7. Aspect ratio: 16:9

### Advantage

1. Affordable smart TV
2. Good colors and contrast
3. Low input lag

### Defect

Do not have

## 4. Hisense 55H9G

Hisense 55H9G is a great and affordable Smart TV. Colors are great and deliver sharp 4K video, along with perfect contrast levels.

If you love streaming TV shows and movies, this Smart TV is equipped with Android TV operating system. You can go to the Google Play Store and install the app, then download movies and stream music. Additionally, the built-in microphone allows you to have hands-free voice control via Google Assistant.

The remote is the only real downside to this TV. It has too many buttons, so it can be difficult to find what you're looking for. At this price, the TV doesn't have any backlighting, so it might be hard to tell if you're watching a movie in the dark.

Overall, the Hisense 55H9G is a great budget-friendly TV, with good color quality and contrast, ideal for gamers.

### **Main features**

1. Automatic scene recognition
2. Game mode
3. Far-Field Voice Control feature (Far-Field Voice Control)

### **Specifications**

1. Brand: Hisense
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 100Hz/120Hz
4. Screen size: 55 inches
5. Ports: 4x HDMI, 2x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: LCD
7. Aspect ratio: 16:9

### **Advantage**

1. Valuable
2. Voice control
3. Equipped with Android TV operating system

### **Defect**

1. Remote control is difficult to use

## **5. TCL 55R635**

The TCL 55R635 is an excellent smart TV that exhibits excellent picture quality, color and contrast, at a very reasonable price. This 4K TV supports HDR content in HDR10, HLG, and Dolby Vision.

Accessing your smart platform is easy, with Roku TV software. However, this device lacks the seamless user experience that Amazon Fire TV and Google Android TV boast.

The remote control is not as expected, but it is quite simple. Gaming mode reduces input lag very slightly. However, the option to play a game with this feature disabled will give you over 100ms of input lag.

### **Main features**

1. Auto game mode and variable refresh rate
2. Roku smart TV
3. Voice control

### **Specifications**

1. Brand: TCL
2. Resolution: 3840 x 2160 (4K)
3. Refresh rate: 120Hz
4. Screen size: 55 inches
5. Ports: 4x HDMI, 1x USB, 1x Ethernet (LAN), 1x Digital Audio Out (Optical), 1x RF
6. Screen technology: Mini-QLED
7. Aspect ratio: 16:9

### **Advantage**

1. Brilliant contrast
2. Great colors
3. Good price

### **Defect**

1. Input lag is too high
