

# Top 5 good Android games like Candy Crush Saga in 2021

King's Candy Crush Saga is immensely popular and is perhaps the best known game of the match-3 series. However, there are many match-3 games similar to Candy Crush Saga for you to experience and find new things outside the sweet candy world and here are the 5 most downloaded options today

Before survival shooters dominated the mobile gaming world, Candy Crush Saga used to be a home downloader game. It is never outdated and has been, and is always, loved by many players. With over a billion downloads and a trillion levels played, Candy Crush Saga is definitely the most popular match-3 game of all time.

In Candy Crush Saga, players match at least 3 identical items to complete the current level and unlock the next level. If you want to experience many other games with gameplay similar to Candy Crush Saga, please refer to the following 5 great options.

## 1. Bejeweled Stars

Electronic Arts (EA) classic **Bejeweled** game (EA) was one of the first match-3 games and became extremely popular. Bejeweled Stars is a recent release that's worth a try. This diamond game requires players to have a strategic move in pairing the same diamonds to complete a series of levels with increasing difficulty.

Bejeweled Stars also offers a variety of help items for you to use when needed. In addition, rankings in each level allow you to show off your achievements or compare with your friends.
