

Top 5 good PC games like Valheim in 2021

5 good PC games like Valheim shared in the following article will bring you a great game experience in a unique style. Each of these games is appreciated for both gameplay and graphics from gamers around the world.

Valheim is an attractive survival game, which has received a lot of positive reviews from players around the world. Revolving around Vikings, the game takes you to a large, challenging open world for adventure and exploration. Currently, there are also many games with themes similar to Valheim with equally interesting gameplay. If you are interested in learning about these games, the following article will introduce you to the top 5 great PC games like Valheim in 2021.

1. Assassin's Creed Valhalla

Like Valheim, the story of Assassin's Creed Valhalla also revolves around the Vikings. This action role-playing game is the latest in the popular Assassin's Creed series.

Besides the adventures of exploring the vast open world, performing main quests to side quests, players can also participate in many different activities. Assassin's Creed Valhalla is highly appreciated for gameplay, graphics and sound. In addition to PC, Assassin's Creed Valhalla is available on Xbox One, Xbox Series X, PS4, and PS5.

2. Genshin Impact

Even if the game's context is very different from Valheim, players will still have a good time exploring the open world of Genshin Impact. There are 4 different characters in the game and each character has their own special skills. During the game, players can improve their skills.

Similar to Valheim, the game supports Co-op mode, allowing you to play games with your friends and up to 4 players can join the same domain at a time.

3. The Forest

The game is about a single survivor after a plane crash, who will have to protect his life in a forest surrounded by cannibals. The Forest's survival mechanism will definitely remind you of Valheim.

In The Forest, you will have to collect resources and build houses like you do in Valheim if you have played this game. You will also have to craft tools and weapons to protect yourself from enemies. Besides, you should take advantage of the stealth action mechanism instead of approaching things aggressively in the open world of the game. This will increase your chances of surviving against the constantly evolving cannibals.

4. Ancestors Legacy

Set in medieval Europe, Ancestors Legacy allows players to choose from 4 countries including Viking, Germany, Anglo-Saxon and Slav. To look for an experience similar to Valheim, you can choose Viking.

Ancestor Legacy is a real-time strategy game inspired by real events in history. Players will have to lead their army and destroy enemies in fierce battles. You need to make use of strategic options to ensure all attacks and raids are successful. The game also allows PC gamers to engage in intense multiplayer battles with friends.
