

Top 5 most powerful Free Fire mid-range guns

Garena Free Fire has a wide variety of weapons that help players fight and survive to become victorious, skirmishes can happen at any mid, short, or long range.

Here are the Top 5 most powerful mid-range Garena Free Fire guns, which can be deadly in the medium range with just a few rounds.

Whenever participating in the survival war in Free Fire, players often wonder which weapon to use to defeat the enemy, destroy them in the fastest way. The list of **Top 5 most powerful mid-range Free Fire guns** below that does not include spoilers from Air-drop, which makes the list more general.

1. SCAR gun

SCAR is the most balanced AR weapon and probably the best for mid-range fights in Free Fire. It has an impressive range of 60 and decent damage 53. With a high rate of fire of 61, SCAR can do massive damage to enemies in mid-range combat. In addition, the weapon has a rather large magazine capacity of up to 30 bullets.

2. AK guns

AK is the most powerful gun in Free Fire. However, the only downside of AK is about the large recoil, so they are often used by players to fight mid-range because the recoil can cause fatal Headshot damage. In addition, it is also highly maneuverable, suitable for fast maneuvering in mid-range battles. The AK gun has 61 damage, the damage range is 72.

3. XM8 gun

The XM8 comes with a fixed 2x scope (2x viewfinder) from the front and is very stable for shooting mid-range enemies. It also has a high rate of fire of 73 and a decent damage and has a range of 57 and 58 respectively.

4. VSS guns

Although the VSS is an automatic sniper rifle, it belongs to the SMG category, its built-in 4x scope is useful in Free Fire mid-range battles. The VSS gun has a high range of 82 and has an amazing accuracy of 73. However, the only major downside to this weapon is that it initially only held 15 bullets in ice.

5. M79

The M79 is a grenade launcher commonly found to aid mid-range combat, a long-range grenade launcher that generates explosions and fires, and can also take down enemies behind Gloo Walls (ice walls). The M79 has 90

high damage and accuracy to help players shoot down multiple enemies at the same time.

Above is all the information compiled by TipsMake from the reviews and comments of the Free Fire gaming community, which do you think is the most powerful Free Fire gun in mid-range battles?
