### Sony 4K Smart TV TV A8F 55 "HDR

*Reference price: \$ 1998 (VND 46,554,000)*

As the leading TV in Sony's lineup, the 55-inch Sony A8F HDR TV is one of the best TVs Sony has ever produced. The colors on the OLED display are extremely vivid and realistic, thanks to 8 million self-luminous

pixels. Black gives deep contrast, creating vivid images. All of this is enhanced by the X1 Extreme processor, which produces amazingly detailed images. 55-inch Sony A8F HDR TV for 4K HDR image quality.

While most TVs usually have one or two speakers placed in a certain position on the frame, the sound from the 55-inch Sony A8F HDR TV comes from the entire screen. This is a bit unusual, but a welcome change. Images and sound are really synchronized, creating a great viewing experience. Good sound feedback, in both HDR game scenes and action scenes. Both latency reduction and input signal also benefit from 120Hz refresh rate. All this, along with the user-friendly Android TV menu and virtual assistant Google Assistant to search by voice, helps the A8F become 'invincible'.

## **Sony X750F 55 '4K Ultra HD Smart LED TV**

*Reference price: \$ 748 (17.429 million VND)*

While most people pay attention to Sony's high-end TVs, few people know that the mid-range segment also offers great value. That is the case of the 55 inch X750F 4K Ultra HD smart LED TV. Combined with 4K images, HDR video ensures viewers get great color and contrast. This model includes some of the best 4K upgrades in the price range. The X-Reality Pro can get as close as 4K quality, making images of old movies and TV shows more clear and natural.

Fortunately, the value that the X750f offers is not just about image quality. Sony has carefully considered the design, especially how to remove the tangled wires that are difficult to see as previous models. These plugs are now neatly and neatly placed inside the TV body. X750F 55 inch 4K Ultra HD smart LED TV running Android TV operating system. You can use voice commands with Google Assistant or Amazon Alexa. PlayStation Vue live TV is also integrated into the Android TV menu to help users easily subscribe to the service.

## **Sony X830F 60 '4K Ultra HD Smart LED TV**

*Reference price: \$ 1098 (VND 25,584,000)*

There is no shortage of smart TVs on the market today, but if you're looking for an outstanding product, the Sony Smart X830F 4K Smart TV is one worth considering. Built with Android TV as the main interface, Sony Smart X830F 4K Smart TV makes it easy to find the content you want. Google Assistant and Amazon Alexa allow you to use voice to control everything, by saying 'OK, Google (or Alexa), Show me The Crown on Netflix' (OK Google / Alexa, turn on The Crown on Netflix) . To stream live on TV, Sony has integrated Google Chromecast right into the hardware so that every compatible application can play on the big screen. Sony added PlayStation Vue, its own live television service, to model 830F. Premium sports, news and content programs are available with a paid subscription package.

The X1 Extreme processor works perfectly to optimize 4K content and HDR with vivid colors. Everything, from the face to the small objects, looks very detailed and natural. Motionflow XR keeps the details sharp, whether you're watching Netflix or playing a PlayStation game. 120Hz refresh rate also works to keep the opacity to a minimum in fast moving scenes.

## **Sony XBR55A9F 55-Inch 4K Ultra HD Master Series TV**

*Reference price: \$ 2798 (VND 65,195,000)*

In the high-end segment, 4K Ultra HD XBR55A9F 55-Inch TV is a comprehensive winning product, with a special knack for smart features. Because this model is part of Sony's MASTER series, 4K Ultra HD XBR55A9F TV is integrated with many technologies, including Google Chromecast to stream videos from smartphones or computers to TVs, connectivity Connecting Sony SideView allows users to control the TV from their smartphone, project the screen with Miracast, voice control with Amazon Alexa and Google Assistant integrated on TV to help you easily find everything I want to. All of these features are only a small part of the XBR55A9F model. In addition, XBR55A9F also has incredible 4K OLED images, HDR quality and 120Hz refresh rate to help eliminate blurred fast action scenes. In addition, there are realistic sound from Sony Surface Audio + technology. If you're the owner of all kinds of smart gadgets and want photos, as well as high quality audio on TV, XBR55A9F is probably the best choice for you.

## **Sony XZ9F 65 'TV 4K Ultra HD Smart BRAVIA LED**

*Reference price: \$ 2998 (VND 69,855,000)*

For the best things Sony has to offer, go to the 65-inch Smart TV Z9F. As part of Sony's MASTER series, Z9F is a competitor to A9F's OLED display. Running on Android TV platform, this TV has many features and services worthy of the high price that it owns. Chromecast is perfectly integrated for streaming from smartphones or tablets. Miracast adds another streaming option with the ability to project what happens on the screen of the smartphone or tablet on the TV.

Amazon Alexa and Google Assistant add voice search capabilities, and also control other smart devices in the home. There is also a dedicated mode dedicated to Netflix, giving the experience the same as a movie theater.

However, not only are the new Netflix programs high quality on this TV. Combining 4K resolution and HDR compatibility makes colors on the screen very vivid and Sony's X-Wide Angle technology makes images look great from every angle. Produced with the Sony X1 Ultimate processor, this TV also includes a feature to upgrade leading 4K content in the field.

## **Sony X850F 4K HDR Smart TV**

*Reference price: \$ 928 (VND 21,623,000)*

Players looking for a perfect TV set should consider the Sony X850F 4K HDR smart TV. Sony X850F 4K HDR smart TV is the perfect 'partner' for the PlayStation 4 (and Pro) console, bringing gamers into a rich environment. The details and colors are really vivid with High Dynamic Range (HDR). 4 HDMI inputs give you connectivity options for all third-party devices. When switching from playing games to watching TV shows, the richness of the 850F screen doesn't stop there. X-Reality Pro upgrades content up to 4K quality so that all images look sharper.

Although gaming may be the highlight of this TV, Sony's decision to incorporate this model with Android TV is even more valuable. With both built-in Amazon Alexa and Google Assistant, voice commands are the ideal way to navigate the 850F. Just ask the TV to play a favorite movie or watch sports scores for the day. Even the weather situation can be displayed immediately from the main screen. Sony's infrared remote control feature also has shortcuts to Play Store to buy movies and shows, then you can store it on TV to watch at any time.

## **Sony 900F 49 '4K Ultra HD Smart LED TV**

*Reference price: \$ 998 (VND 23,254,000)*

If you are looking for a Sony TV model that combines the perfect size and quality, you can't find a better option than the Sony X900F 49-inch 4K Smart LED TV. With the size of this TV, 4K image quality over 900F is really outstanding. The use of the Sony AIM HDR X1 Extreme processor ensures true-to-life color. This TV has particularly good contrast. Even action scenes are commendable because Sony's X-Motion Clarity technology reduces blur to almost zero.

The picture was good, the sound was even better. Sony has chosen IMAX Enhanced sound, really immersing you in your favorite movie soundtracks. As a manufacturer of Sony PlayStation 4, gaming is a top priority for all Sony TVs. Play HDR games that maintain vibrant colors, while IMAX sounds like inviting you to keep playing. In addition to excellent audio and gaming features, this Sony TV is very smart. Sony X900F 49-inch 4K smart LED TV is an Android TV, so it's easy to find a favorite movie, check sports scores or control other smart devices with Google Assistant.
