

# Top 7 best waterproof Android phones today

And below is a list of Android phones equipped with the best waterproof features today.

Today, the water-resistant technology has been greatly improved to enable smartphones to 'survive' if they encounter an accident that falls into the water. And below is a list of Android phones equipped with the best waterproof features today.

**Huawei P20 Pro:** This Chinese smartphone can "soak" in water up to 1m in 30 minutes. In addition, Huawei P20 Pro has the ability to 'be immune' to dust.

**Samsung Galaxy S9 and S9 Plus:** Not only capable of waterproofing and dustproofing but also with this smartphone, users can compose messages and take photos in the rain.

LG G7 ThinQ: This smart phone is capable of soaking in water for at least 30 minutes at a depth of more than 1m.

LG V30: This super product of LG in addition to extremely powerful configuration is also equipped with high performance waterproof and dustproof features.

HTC U12 Plus: This smartphone is equipped with IP68 waterproof capability, can 'survive' at 1m depth under water for 30 minutes. The dustproof capability of HTC U12 Plus is also appreciated.

Xperia XZ2 Compact: Like other Sony phones, Xperia XZ2 Compact is equipped with good waterproof and dustproof features.

Samsung Galaxy A8: This is one of the few mid-range smartphones that can withstand water for 30 minutes.
