

Top best seahorse chess games

The best seahorse chess games on phones that TipsMake shares in the following article will provide you with great choices to play seahorses anytime, anywhere without the need for a traditional seahorse set.

Seahorse chess is a game for 2 to 4 players. This game is extremely popular. For young children, it helps them learn to count and distinguish colors and shapes. For adults, games help them with family or friends spend fun leisure time together. However, instead of needing the traditional seahorse set including a seahorse table, 4 seahorses and dice, you can now play seahorses on your mobile device. With the following top 5 best seahorse chess games, you can play the game anytime and anywhere as you like.

Top 5 best seahorse chess games for Android

1. Ludo King

Ludo King is the seahorse chess game with the most downloads and players can experience the game on Android, iOS and Windows devices. If you can't invite relatives and friends to play games with you, then you can go head-to-head with the computer. In addition, with Local Multiplayer and Online Multiplayer modes, you can also participate in dramatic seahorse matches with players in your area and players around the world. Ludo King also includes 2 mini-games: Snake and Ladders with 7 different game board versions. If you love seahorses, this is the best choice for you.

2. Ludo Club

Ludo Club brings the traditional seahorse game to mobile devices so you can play seahorse anytime, anywhere with your friends and players around the world. Try your luck and compare your tactics with your opponents to climb the rankings, collect special dice and become the king of seahorses. Ludo Club has many interesting features. This seahorse chess game uses very little data and runs smoothly on even 2G networks. Don't be sad if you can't gather friends to play games because you can compete with the computer.

3. Ludo Star

Ludo Star is a seahorse board game for 2 to 4 players. You can participate in seahorse matches with friends, family or the computer. Players can create clubs in the game and interact with Club members to share dice or give each other free gold. Ludo Star has the same rules as the traditional seahorse game, so you can join right away without having to learn any new game mechanics.

4. *Ludo SuperStar*

Ranked 4th in the list of best seahorse chess games is Ludo SuperStar. This is one of the great seahorse games to download and experience on your mobile device. Ludo SuperStar supports both online and offline modes. If you and your friends are playing together, play the game offline. If not, you can play online games together by creating a private room and inviting members to join.

5. Ludo Classic

After downloading and opening Ludo Classic, you will feel like you are playing a 3D seahorse board game on a real traditional seahorse board. You can change the seahorse board version, dice type, dice color, movement speed, dice throw pattern, and many other settings. If you want to stop the game while it's in progress, you can do so and easily pick up where you left off. Ludo Classic supports Offline and Online modes.

Above are the best seahorse chess games for mobile devices. Whatever your choice, you can experience traditional seahorse matches and have hours of fun gaming with everyone. If you like to play checkers, please refer to [Top Checkers Games](#) on phones here.
