

# TOP best seed for Ancient City in Minecraft 1.19 The Wild

The newly added Ancient City will be the most valuable structure to explore in Minecraft 1.19 The Wild. It contains lots of blocks, treasures, charms and brand new items.

However, locating them is a big problem and sometimes players don't have enough time to do it manually.

In this article, let's explore the TOP of the best seeds for Ancient City in Minecraft 1.19 The Wild, including the coordinates of important locations.

## TOP best seed for Ancient City in Minecraft 1.19 The Wild

### Stronghold in Ancient City (Java)

1. Seed: -6542427500181432213
2. Ancient City coordinates: -1036, -42, 1124
3. Biome spawn point: Sea

This is a rather special seed that can never be copied. It has an Ancient City with a complete stronghold inside. Players can easily explore both and locate its chests, library, and even End Portal. After clearing both locations, gamers can turn them into an underground base.

### Ancient Dripstone City (Java)

1. Seed: 2817169686383787731

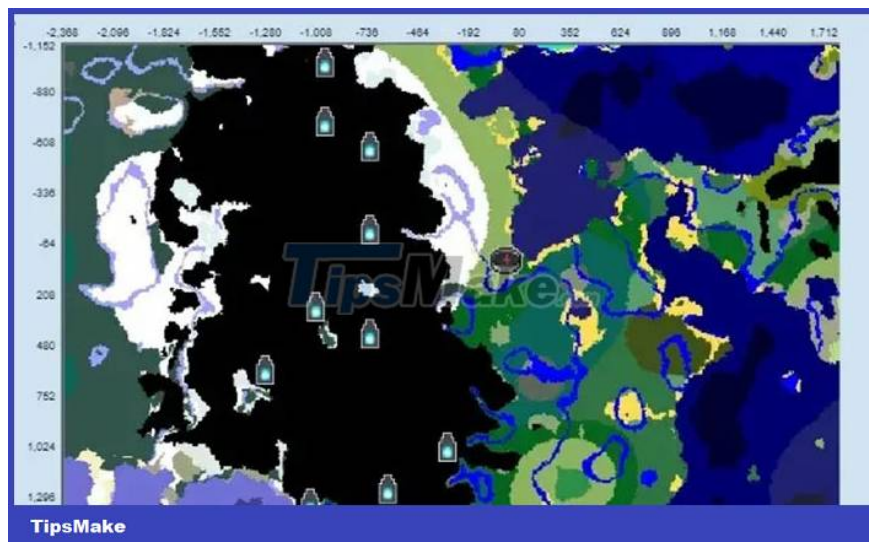

2. Ancient City coordinates: 488, -40, -600
3. Biome spawn location: Forest

This seed has the combination of a dripping rock cave with the Ancient City inside the Deep Dark biome. This provides a unique setting with contrasting characteristics of two biomes merging together. Wardens still appear in Ancient City, even when the character is in the dripping rock cave biome. However, hostile mobs from the cave can distract it for the player to escape.

## 10 Ancient City in Deep Dark (Java)

1. Seed: 5146159088207717555
2. Nearest Ancient City coordinates: -728, -44, -168
3. Biome spawn location: Plains

Usually, a single Deep Dark biome has only one Ancient City. This makes collecting unique items quite tedious, as the biomes have to be found multiple times. However, this seed has up to 10 Ancient City spawned inside a single Deep Dark biome, creating a huge city population. Players can go from city to city to collect all the loot they want.

## Stronghold next to Ancient City with Mineshaft (Bedrock)

1. Seed: 3621868329803409107
2. Stronghold coordinates: -1452, -30, -860
3. Ancient City coordinates: -1448, -44, -632
4. Biome spawn location: Dark Forest

This seed is similar to the previous stronghold seed, however, instead of being inside the stronghold appears above it. The two structures are connected by a Mineshaft. Players can clear these 3 structures for valuable loot, then rebuild into a giant base, connecting the ground to the ground via Mineshaft.
