

# Toshiba launched the Satellite P-Series and high-end Qosmio laptops

Toshiba has announced two lines of laptops for gaming enthusiasts and multimedia creators: Qosmio X770 and Satellite P700 Series.

**Toshiba has announced two lines of laptops for gaming enthusiasts and multimedia creators: Qosmio X770 and Satellite P700 Series.**

## Qosmio X770 and X770 3D

Qosmio X770 and X770 3D laptops are designed for users to play games and multimedia, with a large 17.3 'Full HD 1080p screen and optional Blu-ray drive.

According to Toshiba, the Qosmio X770 is one of the first laptop models to use the Nvidia GeForce GTX 560M graphics processor with 1.5GB graphics memory. This 3D model uses Nvidia 3D Vision technology and can export to 3D TV. This 3D version also features a 1.25TB hybrid hard drive and a Blu-ray recorder, but costs up to \$ 1,899.99 (~ 39 million) compared to a non-3D model priced at \$ 1,199.99 (~ 24.7 million dong).

Both models will be available by the end of June with the option of second generation Intel Core i5 or i7 processors, up to 8GB of RAM and red LED backlight keyboard.

## Satellite P700 Series

The new Satellite P700 Series has a variety of screen and configuration options. Satellite P745, P755 / P755 3D models, and P775 have HD 14', 15.6' and 17.3' respectively screens; equipped with Intel Core i3, i5 or i7 second generation processors; Nvidia GeForce GT 540M graphics card. You can also choose the new AMD A6-3400M processor.

The Satellite P700 Series also has multimedia features such as a harman / kardon speaker system, HDMI port, Intel WiDi technology that enables wireless connectivity to TVs that support WiDi, and Blu-ray players. Storage system of the machine up to 750GB.

With a laptop with such powerful multimedia features, the P755 and P775 models range in price from US \$ 629 (~ 13 million) or P745 models from US \$ 699.99 (~ 14.4 million). reasonable. However, if you want the 3D feature, the 15.6' P750 3D model will cost from \$ 1,199.99 (~ 24.7 million). Satellite P700 series will start selling from June 21, 2011.
