>>>Review Toshiba Portégé R830

The Toshiba Portégé Z830 is red in alloy.

Toshiba's highest-end business laptop, Portégé R830 began selling two new versions in the Vietnamese market. The first is the Portégé R830-2045UR with a red alloy case for users who are women. This model also has a strong configuration with Intel Core i5-2435M processor with 2.4 GHz speed, 4 GB RAM, Intel HD Graphics graphics chip and 640 GB hard drive.

For users who require high configurations, the most heavily equipped version of the R830 also uses an Intel Core i7-2640M processor clocked at 2.8 GHz. The R830-2047U version also has 4 GB of RAM memory, Intel HD Graphics graphics chip, 640 GB hard drive.

The most advanced Core i7 version in the R830 series for entrepreneurs.

Portégé R830-2045UR has a reference price in the market of VND 27.9 million while the R830-2047U is VND 34.3 million.

The R830 is currently the world's lightest 13-inch screen laptop. It can withstand impact when dropped from a height of 0.76 meters and under heavy pressure on the LCD screen lid equivalent to 100 kg. Portégé also has a number of other features such as an overflow keyboard, mobile phone charging even when the laptop is off .
