

# Toshiba reduced the price of laptops with HD DVD drives

Manufacturer Toshiba recently announced a reduction in the price of notebook products (MTXT) integrated HD DVD high-definition optical drive. Accordingly, the lowest selling price of this product line is only 899 USD.

**Manufacturer Toshiba recently announced a reduction in the price of notebook products (MTXT) integrated HD DVD high-definition optical drive. Accordingly, the lowest selling price of this product line is only 899 USD.**

In addition, Toshiba has officially launched a laptop with integrated drive when the first HD DVD-R / RW disc - the Toshiba Qosmio G45.

In addition, from now until the end of February 28, 2008, any customer who buys any Toshiba HD DVD optical drive notebook product will also receive 5 completely free HD DVD movie discs. the first 15 films of Toshiba promotions.

Toshiba's current line of integrated high-definition optical drives HD DVD includes 4 main products Satellite A205, Satellite P205, Satellite X205 and Qosmio G45. All models support up to 1080p video resolution and are compatible with all standard DVD movie discs on the market. In addition, these products are also equipped with HDMI ports that allow direct connection to high-definition HDTV screens.

Analysts say Toshiba this time not only wants to give users a line of laptops with a high-resolution optical drive with a lower price, but also allow users to be comfortable creating and storing internally. upload to HD DVD disc.

However, Toshiba's ultimate goal is to promote the consumption of the HD DVD-compliant product line to compete for market share with rival Blu-ray in the battle to become a resolution optical disc standard. High market dominance.
