

Transform your Facebook profile picture in Star Wars style

On the occasion of the Star Wars movie sequel event, Facebook also expressed support for this hugely popular interstellar war series - Star Wars: The Force Awakens by enabling the fan community. Customizable graves, changing their personal photos in very Star Wars style.

On the occasion of the Star Wars movie sequel event, Facebook also expressed support for this hugely popular interstellar war series - **Star Wars: The Force Awakens** by enabling the fan community. Customizable graves, changing their personal photos in very Star Wars style.

To change the Facebook profile image as above, please visit this link:

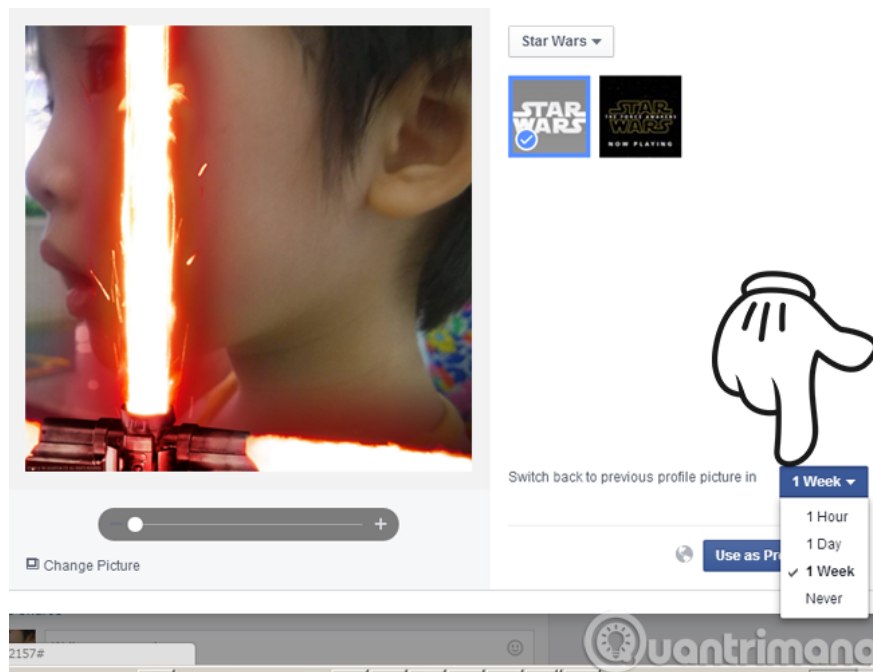

<https://www.facebook.com/StarWars/posts/1068727766512157>

And press the Try It button in the section: Change your profile picture to show you're a fan of Star Wars Movies. as shown below:

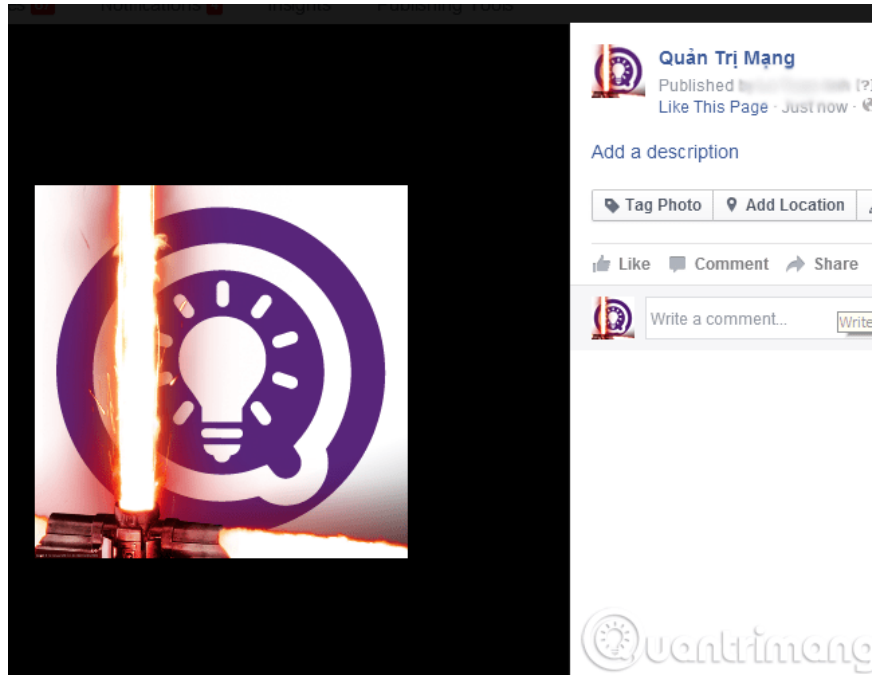

Customize panel displays, you can choose the color of the light sword according to your preferences, depending on your favorite character:

1. Blue: Finn
2. Red: Kylo Ren
3. Term: here I set the example to 7 days, after 1 week, the avatar image will return to the same way.

We will get our personal photo changed as shown below:

Good luck!
