3. Configure to play the Truth League League of Legends on the computer

The Truth Arena: Top of the strongest 1 gold generals in the game

Garen

Garen is still hot in version 9.14, although the noble synergy is no longer hot. However, in the first stage, the Aristocratic synergy is still very strong, players can take advantage of this to switch to a more powerful formation in the future.

At the end of the game, players will combine different synergies with each other, so gamers will often combine many different synergies and Garen is always rated as a suitable general standing in good front lines. Best. In addition, you can combine this golden champion with some other Knight generals like Darius or Mordekaiser.

Elise

Elise, despite being nerfed, became a golden general at the same time and this is a huge advantage for anyone who wants to own this girl. Elise currently has two Hiep Luc which are very strong at the present time, Devil and Demon.

Players can change the lineup to match Elise, besides the spiders are also an advantage of her because they are single source of damage. And will make the enemy generals lose quite a bit of blood at the beginning of the battle.

At the beginning of the game, the player can own a 3 star Elise. In general, this golden general is still a member worth using for the Devil or Masquerade squad despite his straightforward Riot nerf.

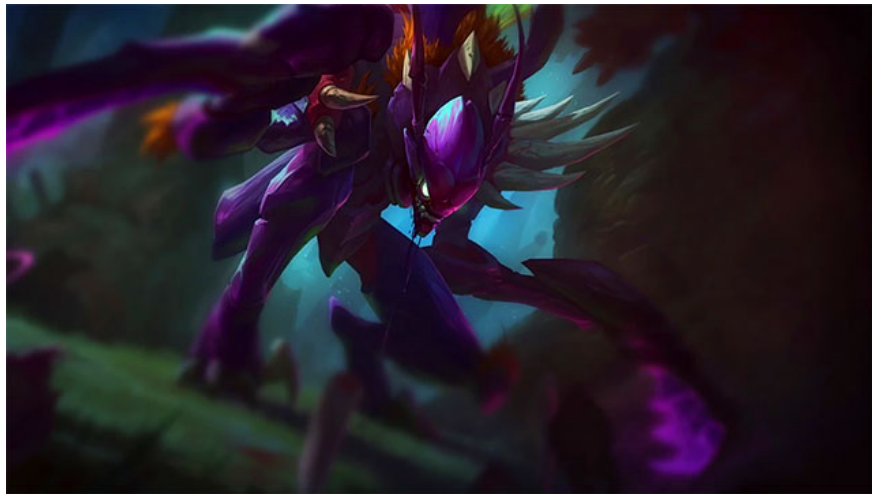

Darius

Darius often appears regularly in the early stages of battle. In addition, the Knight is quite strong at the present time, but Darius has a good recovery ability, the ability to inflict huge damage, so this 1st general will be a character that can be very powerful team in the period. early game.

You can still pair it into a two-star Darius and use it until the end of the game even if the dignity is not very high. If more Draven is available and combined with the Royal Family combo it will really be a great squad.

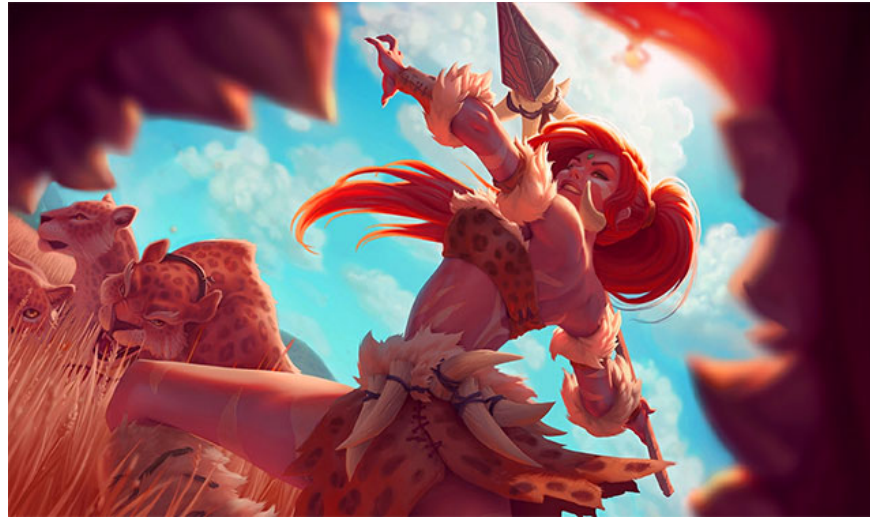

Kha'Zix

Kha'Zix is always the earliest present in every Truth Arena match. The reason is that he possesses an outstanding amount of damage when the number of enemy heroes is less. Kha'Zix can give the opponent's squad "crushed like tofu" in a short period of time.

In order for Kha'Zix to perform best, at the beginning of the battle you should combine with the 3 Unbeatable Force or 3 Assassins to optimize Kha'Zix's power in the beginning of the battle.

Nidalee

It is not too difficult to get 2 Wild buffs in the beginning of the match and Nidalee can be a storm during the early game. Especially if she is equipped with some good stained items.

In addition, the Synthesis Force is also a good choice when players can combine Nidalee with Elise. But in the middle of the game, Nidalee in this period will not be too strong compared to the higher rank, so players need to flexibly change to avoid losing than the opponent.

If at the beginning of the match, Nidalee is still a good team player and is still a great choice.

Those are the first gold general choices that you should pay attention in the early stages of the Truth Arena. In addition, you should pay attention to some low-cost teams and be easy to build at the beginning of the battle in the Truth Arena.
