If you play Squad mode on PUBG Mobile, the vehicle will carry a team of 4 to run. Especially, the car is highly resistant, withstands great damage. Players can take advantage of the car to run at a speed of 130km / h and hit the opponent straight, breaking the enemy's encirclement.

2. UAZ armored vehicles come from Flare Gun

UAZ armored vehicles can only be found from Flare Gun's hearing gun, when shooting out of white. This type of vehicle is bulletproof, the doors are carefully shielded by armored.

3. Mini bus only available in Miramar

This mini bus can carry quite a few people, but the speed is relatively slow. The advantage of the vehicle is high blood volume and can shield the player.

4. Map of Miramar with pickup

This pickup has a high blood volume but is sluggish, slower than other vehicles, especially on mountain roads. If you run by, especially boating, this type of car is not bad. The car runs smoothly when traveling on a flat road.

5. Rony car at Sanhok map

Map Sanhok not only updated new guns but also added vehicles. Car Rony is another version of the pickup, which has a lower blood volume, but is better than a pickup.

Vehicles carry 4 people when going through the hilly areas. 2 people behind need attention because they are easy to be bullets and their resistance is not high.

6. Mirado at Miramar

If traveling on a flat road, Mirado has more speed than all other vehicles. But with rugged mountain roads, many vehicles are relatively slow, poor climbing ability. So you can only find Mirado in the city areas of the Miramar map.
