## Instructions for using Friendly Faces to create an avatar

### Step 1:

Users access the link below to visit the homepage of Friendly Faces.

1. <https://friendlyfaces.co/>

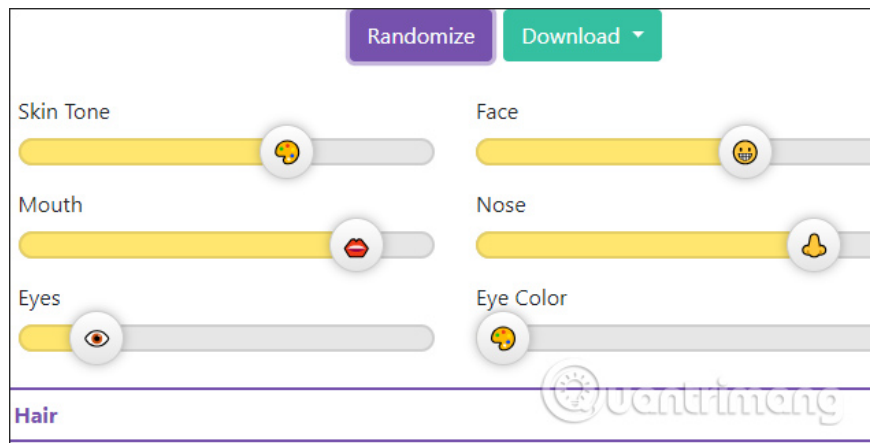

At the site interface, Friendly Faces offers an avatar style for us. You can click Download to download or click **Randomize** to continue watching the avatar templates of the service that are more suitable for you.

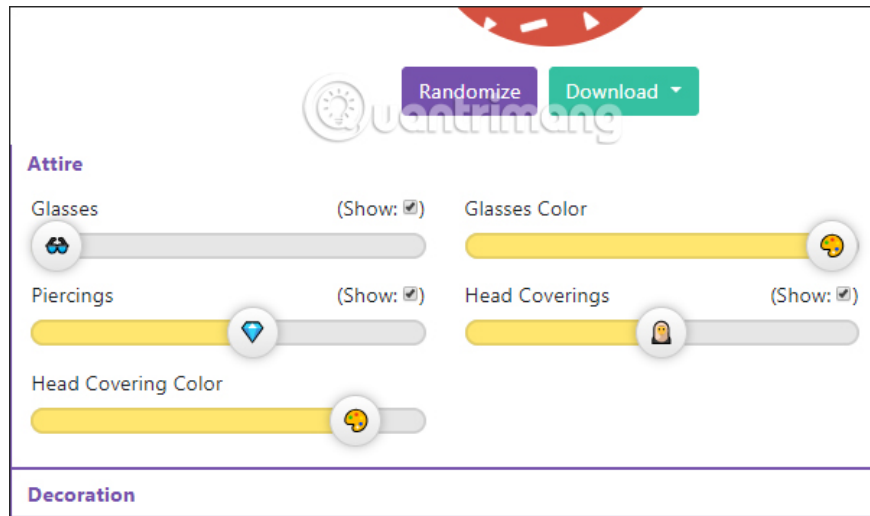

## Step 2:

After you have chosen the type of avatar you want to look to the right, there is a section to edit the avatar. First in **the Face section** you adjust the skin color content (Skin tone), lip type (Mouth), face type (Face), nose style (Nose), eye type (Eyes), eye color (Eye color).

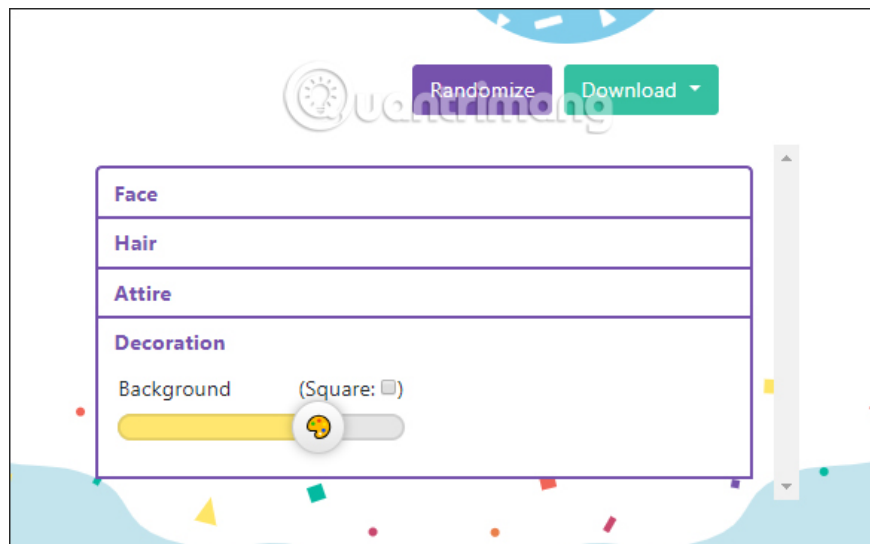

Where to adjust, the avatar will change there.

Next, users adjust the remaining parts including Hair choose hair style, hair color (Hair color), Facial hair, Eyebrows style, Attire accessories for avatar face like glass (Glasses). , eyeglass colors (Glasses color), earrings (Piercings), hats (Head coverings), colored hats (Head coverings color). Remove the area in Shown to remove the beard.

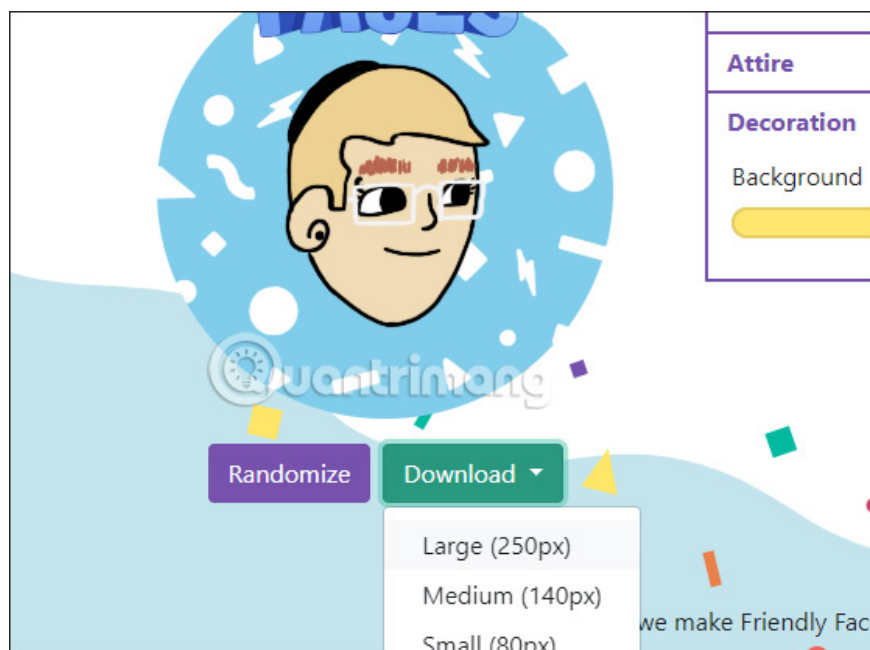

The **Decoration** section selects the background color on the avatar and the circle or square frame style. If it is a square, then choose Square.

### Step 3:

After you have finished designing the avatar image, click on **the triangle at Download section** and select the size of the avatar image you want to save, including size 250px, 140px, 80px.

Now try setting your newly downloaded image as a picture of your personal account. Photos are saved in PNG format, there is no site name at the top as in the design interface.

Friendly Faces brings a simple avatar creation interface, adding some face adjustments, or adding some other accessories to the object in the photo. Photos will not include a site name so users can make avatars comfortable.
