

# Unlocked 16-year-old Indian hacker Windows Phone 8

Shantanu Gawde is honored as the 'youngest national hacker', because when he was 7 years old, he got the 'App Developer' certification granted by Microsoft.

**Shantanu Gawde was honored as the "youngest national hacker", because when he was 7 years old, he got the "App Developer" certification issued by Microsoft. At the upcoming Malcon Security Conference on November 23, 2012, he will demonstrate the technique of "personalizing" personal data of devices running Windows Phone 8.**

Shantanu Gawde will perform an intrusion demonstration on Windows Phone 8

Last year, he also cracked Microsoft's Kinect device by using a malware on a Windows 7-based computer. After entering the device, Shantanu Gawde easily took photos from the user's computer. they don't know it.

The ability of Shantanu Gawde "*technology prodigy* " has been proven, but with Windows Phone 8 - the version that is rated by experts as having the most complex and high level of security ever, can he spreading malicious code on this operating system platform. All are waiting, because the current attack and infiltration techniques on devices using Windows Phone 8 mobile operating system have not been revealed. Shantanu Gawde has signed up to show off its Windows Phone 8 unlocking method under the 2012 Malcon Security Conference, which will be held in New Delhi later this month.

Accordingly, Shantanu Gawde will describe how to steal personal information and data, photos . on a hardware device using Windows Phone 8 mobile operating system. '*giant*' about Microsoft software is very interested, security experts will be watching what Shantanu Gawde does. This is also a way for Microsoft to complete the product, patch the security of its mobile platform, and it is also an obligation that they have to implement to protect the rights and privacy of customers.

It is expected that the Malcon Security Conference 2012 will take place on November 23 in New Delhi and Shantanu Gawde will be one of the focal points of this great event.
