

# 'Unveiled' 6 interesting hidden features of YouTube

You may not know, YouTube users can completely change the interface, change the font or even play games on this service website. The following article will show you some extremely interesting hidden features on Youtube. Hopefully will be somewhat useful for users.

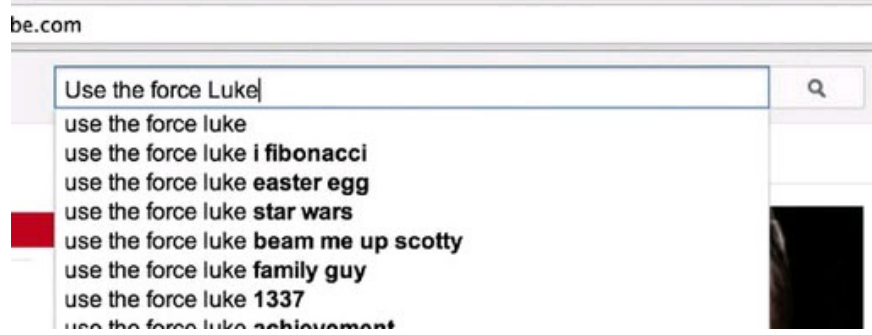

**You may not know, YouTube users can completely change the interface, change the font or even play games on this service website. The following article will show you some extremely interesting hidden features on Youtube. Hopefully will be somewhat useful for users.**

According to Alexa web statistics and analysis page, on a global scale, YouTube is the third most popular website after Google and Facebook. Many studies have also shown that the world's most popular video-sharing site is one of the top agents taking hours and hours of netizens. No matter how much time you spend on YouTube, you will probably be surprised with the interesting and naughty features below.

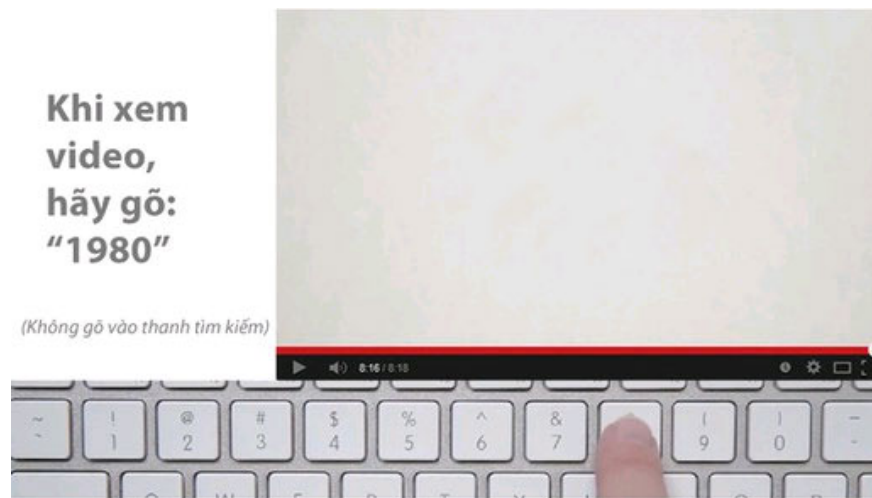

## 1. Make the YouTube screen move

## Gõ vào thanh tìm kiếm cụm từ: "Use the force Luke"

If you are a fan of the " *Star Wars* " series, then the saying ' *Use the force, Luke* ' is no longer strange to you. Accordingly, this is the line that the character *Obi-Wan* told *Luke Skywalker*. In YouTube, if you type in the search bar for the phrase ' *Use the force Luke* ', all the components in the user interface such as video name, *thumbnail* image, select buttons . will immediately move when available. The impact of the mouse pointer is quite interesting. It seems that YouTube's programming engineers are also fans of *Star Wars*.

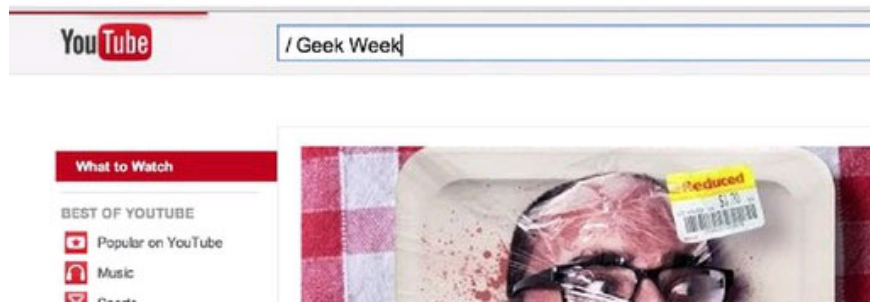

## 2. Play YouTube games

You may not know, users can completely play games on YouTube. Accordingly, you just need to open any video and type in the phrase ' *1980* ' (*note, do not type in the search bar*) that the video you are watching will be automatically pushed down to make room for the game screen. 8 bit graphic background. The task of the player is extremely simple with the goal of ' *protecting* ' the video you are watching by using the cannon to fire the missiles that are rushing to attack. You will lose when all 4 cannon platforms are destroyed. At this point, the screen will show, ' *video destroyed* '. It sounds dangerous, but actually you just need to press the **Play** button to continue watching the video.

## 3. Change YouTube interface

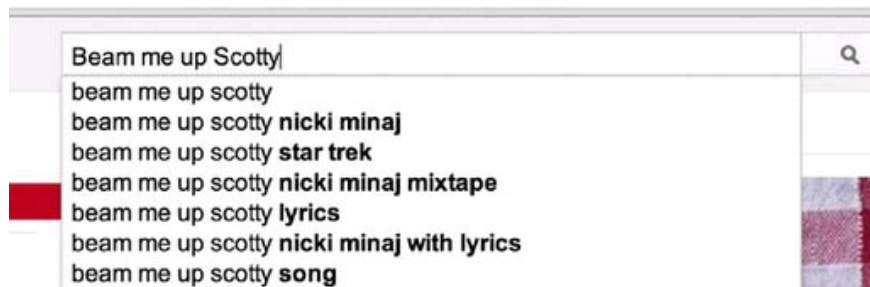

## Gõ vào thanh tìm kiếm cụm từ: "/ Geek Week"

Last August, YouTube organized a ' *Geek Week* ' event to encourage and showcase interesting products of the ' *geek* ' community, who have real and endless passion for a field. somehow. Multiplying this event, if you type in the 'YouTube *Geek Week* ' search bar, immediately the most popular video-watching interface on the planet will change to a black background and the same font as a programming screen. Up to now, this little trick is still available.

## 4. Search results appear in the style . 'instant teleport'.

### Gõ vào thanh tìm kiếm cụm từ: "Beam me up Scotty"

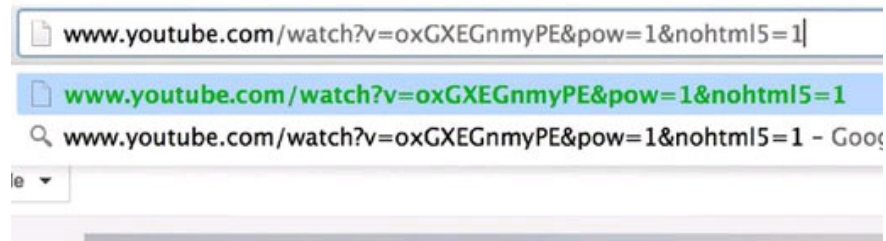

Again inspired by a famous work, this time YouTube borrowed the words ' *Beam me up, Scotty* ' in Star Trek for this fun feature. Accordingly, when you type the above phrase into the search bar, the returned results video will not appear immediately as usual. Instead, they will be delivered in turn with a mysterious, green smoke.

It is known that this feature is also inspired by Star Trek itself. In the film, when Captain Kirk speaks this phrase to Montgomery " *Scotty* " Scott, he will be teleported to the Enterprise immediately in a . instant teleportation.

## 5. Watch comic book videos

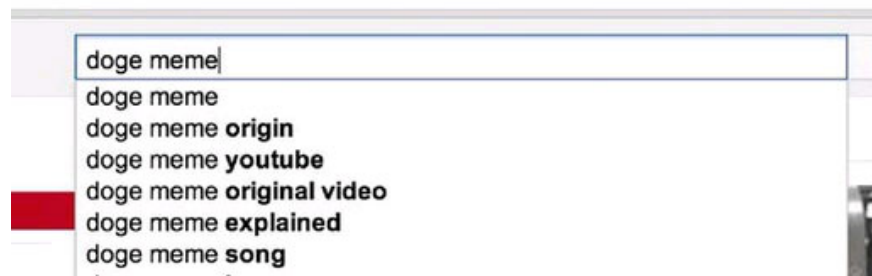

## Thêm cụm "&pow=1&nohtml5=1" vào sau đường dẫn (URL) của video

Another interesting feature of YouTube is that this website allows users to watch some videos in the form of comics-style simulations. To activate it, add the phrase ' *& pow = 1 & nohtml5 = 1* ' after the same URL path of the video . At this point, the ' *Pow!* '. You just click on it to convert video to comic form. However, it should be noted that some videos will not support this feature like videos of too long or copyrighted videos.

## 6. Change the flashy font for Youtube

Gõ vào thanh tìm kiếm cụm từ:  
"Doge Meme"

Doge is actually a slang word for ' *dog* ' to refer to the lovely Japanese Shiba Inus breed. The images of these dogs once surfaced on sites like *Tumblr* or *Reddit* through memes that created a monologue monologically with the most used text in *Comic Sans*. For some reason, when you type " *Doge Meme* " into the YouTube search bar, the entire font will also be changed to *Comic Sans* with extremely colorful colors.

Readers note that you can combine many of these features together. For example, you can combine ' *Doge Meme* ' and ' *Use the force Luke* ' to make the *Comic Sans* font display and teleport user interface. Wish you success and have comfortable moments.
