

Update the latest Honkai Star Rail 1.6

The upcoming Honkai Star Rail 1.6 update will have 3 new characters including: Ruan Mei, Dr. Ratio and Xueyi. This 1.6 update will also rework Banner for Kafka and Blade.

The Honkai Star Rail 1.6 livestream is scheduled for December 15, 2023 at 7:30 pm (UTC+8) on the Honkai Star Rail homepage. In this livestream, Hoyoverse will share the Honkai Star Rail code to receive Ngoc Anh Sao for free.

Banner of Honkai Star Rail 1.6

If you don't know, the banner is launched in two phases, each phase will last about 3 weeks. Following the trend, the banner will be launched in two phases starting from December 27, 2023.

The upcoming Honkai Star Rail update will have 3 new characters including: Ruan Mei, Dr. Ratio and Xueyi. Update 1.6 will also rework Banner for Kafka and Blade. Recent information has confirmed that these 3 characters will certainly be present in the upcoming version.

However, there is bad news for players waiting for Black Swan, Memory Keeper of the Garden of Memories, as this character will not appear in update 1.6. As revealed in the recently concluded Developer Radio, Black Swan will appear in the Honkai Star Rail 2.0 update, along with Acheron and Hanabi (Sparkle).

Below is information about the Honkai Star Rail 1.6 banner

Ruan Mei

Ruan Mei is a 5-star Ice-type Harmony character. Leaked information shows that Ruan Mei's special ability is to increase damage by 35% and increase the effectiveness of breaking weaknesses by 50% for all allies. in team.

Ruan Mei's Ultimate Move can increase all resistance penetration for all allies by 20%, and any ally that attacks under this buff will apply the Plum Blossom effect to the enemy, which can last Break Weakness status and deal 150% more Runa Mei's ice breaking damage.

Story-wise, she is an expert in biological sciences and Herta invited Ruan Mei to develop the Simulated Universe, in collaboration with Screllum and Stephen, as revealed in the Ruan Mei banner.

Dr. Ratio

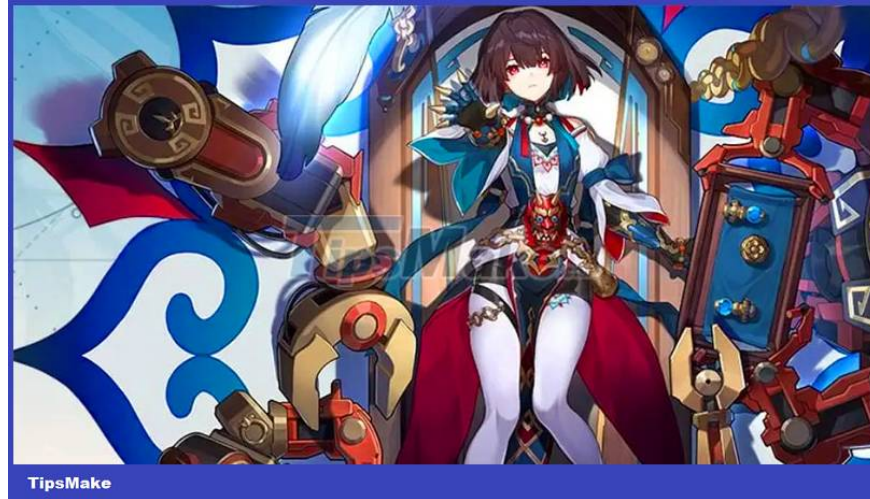

Dr Ratio is a member of the Intellectuals and is described as having a straightforward and self-centered personality. The Intellectual Order is known for gathering and exchanging knowledge across the universe.

"Dr. Ratio" will be on the list of 5-star Hunting characters with the Imaginary Number attribute. In the process of revealing information about Dr. Ratio, Dr. Ratio's banner shows that he is posing with the letter L symbol. Along with the unique name, Dr. Ratio may become a meme in the gaming community. Honkai Star Rail.

His skills can increase his power based on the number of times it creates a negative effect on the enemy. Dr Ratio can also perform attacks and cast spells in the next turns, this may be the main information about the DPS properties of "Doctor Sheet".

Xueyi

Xueyi will become a 4-star Destruction character with Quantum Attributes. Xueyi's damage would be better suited as a secondary DPS. Her Ultimate Moves deal quantum damage, remove weaknesses, and reduce enemy toughness. Her skill will cause a quantum explosion.

This is one of Xianzhou Luofu's Ten Kings Court Judges, she is in charge of "interrogation" of the four Judges "arrest, lock up, punish, and interrogate".

Holding an iron chain and Demon Awl, Xueyi tirelessly searches, lures, captures, and subdues criminals. Xueyi's previous body had turned to ash. She borrowed the puppet's body to return. For every criminal she captured, Xueyi would be restored to life for half a day.

Cone of Light

Update 1.6 will also feature two new signature Cones of Light from Ruan Mei and Dr. Billion.

1. Mirror Past (Ruan Mei): Regenerates Energy at the start of each wave and increases damage dealt to all allies by 15% after casting. It also increases all-type resistance penetration by 6% for all allies with a speed boost that lasts for 3 turns.
2. Baptism (Dr Ratio): Increases critical damage by 20% and additionally, for each damage dealt to an enemy target, increases critical damage by 6% (maximum of 3 stacks). When a character uses an Ultimate to attack an enemy, the ally's Damage increases by 36% and their next attacks ignore 20% of the target's Defense, lasting for 2 turns.

Ngoc Anh Sao

The total number of Starlight Gems in Honkai Star Rail 1.6 has not been revealed yet. From leaked information, we know that 120 Starlight Gems can be obtained from the two new Chaos Memories stages.

New game modes, events

The Honkai Star Rail 1.6 update will introduce many gameplay changes, including curiosities, new game modes and events, and even a rumored free character giveaway.

A new game mode has leaked ahead of the Honkai Star Rail 1.6 update. Pure Fiction, the new game mode, will continuously respawn enemies and killing them will result in scores. Based on these scores, players will receive attractive rewards.

In addition, Lynx is predicted to be the reward character that players will receive when passing stage 2 in any stage in Pure Fiction mode.
